

PRELIMINARY OFFICIAL STATEMENT February 28, 2023

New Issue

S & P Global Ratings Underlying Rating: Requested

State of MN Credit Enhancement Program Rating: Requested

In the opinion of Taft Stettinius & Hollister LLP, Bond Counsel, based on present federal and Minnesota laws, regulations, rulings and decisions, and assuming compliance with certain covenants, if the Bonds are issued as tax-exempt bonds, interest to be paid on the Bonds is excluded from gross income for federal income tax purposes and from taxable net income of individuals, estates, and trusts for Minnesota income tax purposes, and is not an item of tax preference for federal or Minnesota alternative minimum tax purposes; however, interest on the Bonds is taken into account in determining "annual adjusted financial statement income" for the purpose of computing the federal alternative minimum tax imposed on certain corporations for tax years beginning after December 31, 2022. Such interest is not included in taxable income for purposes of the Minnesota franchise tax on corporations and financial institutions. See "Taxability of Interest" herein.

The information contained in this Preliminary Official Statement is deemed by the City to be final as of the date hereof; however the pricing and underwriting information is subject to completion or amendment. Under no circumstances shall this POS constitute an offer to sell or the solicitation of an offer to buy, nor shall there be any sale of these securities in any jurisdiction in which such offer, solicitation or sale would be unlawful prior to registration or qualification under the securities laws of any such jurisdiction.

COMPLIANCE WITH S.E.C. RULE 15C2-12

Municipal obligations (issued in an aggregate amount over \$1,000,000) are subject to General Rules and Regulations, Securities Exchange Act of 1934, Rule 15c2-12 Municipal Securities Disclosure.

PRELIMINARY OFFICIAL STATEMENT

This Preliminary Official Statement was prepared for the Issuer for dissemination to potential customers. The primary purpose of the Preliminary Official Statement is to disclose information regarding the Obligations to prospective underwriters in the interest of receiving competitive bids in accordance with the sale notice contained herein. Unless an addendum is received prior to the sale, this document shall be deemed the "Near Final Official Statement."

REVIEW PERIOD

This Preliminary Official Statement has been distributed to members of the legislative body and other public officials of the Issuer as well as to prospective bidders for an objective review of its disclosure. Comments or omissions or inaccuracies must be submitted to David Drown Associates, Inc. (the "Municipal Advisor") at least two business days prior to the sale. Requests for additional information or corrections in the Preliminary Official Statement received on or before this date will not be considered a qualification of a bid received from an underwriter. If there are changes, corrections or additions to the Preliminary Official Statement, interested bidders will be informed by an addendum at least one business day prior to the sale.

FINAL OFFICIAL STATEMENT

Upon award of sale of the Obligations, the legislative body will authorize the preparation of an addendum to the Preliminary Official Statement that includes the offering prices, interest rates, aggregate principal amount, principal amount per maturity, anticipated delivery date and other information required by law and the identity of the Syndicate Manager and Syndicate Members. This addendum, together with any previous addendum of corrections or additions to the Preliminary Official Statement shall be deemed the complete Final Official Statement. Copies of the Final Official Statement will be delivered to the underwriter (Syndicate Manager) within seven business days following the bid acceptance.

REPRESENTATIONS

No dealer, broker, salesperson or other person has been authorized by the Issuer to give any information or to make any representations, other than those contained in the Preliminary Official Statement. This Preliminary Official Statement does not constitute any offer to sell or the solicitation of an offer to buy, nor shall there be any sale of the Bonds by any person, in any jurisdiction in which it is unlawful for such person to make such offer, solicitation or sale. The information, estimates and expressions of opinion herein are subject to change without notice and neither the delivery of this Preliminary Official Statement nor any sale made hereunder, shall, under any circumstances, create any implication that there has been no change in the affairs of the Issuer since the date hereof. This Preliminary Official Statement is submitted in connection with the sale of the securities referred to herein and may not be reproduced or used, in whole or in part, for any other purpose.

This Preliminary Official Statement and any addenda thereto was prepared relying on information of the Issuer and other sources and, while believed to be reliable, is not guaranteed as to completeness or accuracy.

Bond Counsel has not participated in the preparation of this Preliminary Official Statement and is not expressing any opinion as to the completeness or accuracy of the information contained therein.

Compensation of the Municipal Advisor, payable entirely by the Issuer, is contingent upon the sale of the issue.

\$2,880,000

General Obligation Utility Revenue Bonds, Series 2023A

(BOOK ENTRY ONLY)

TERMS OF PROPOSAL

Proposals for the Bonds will be received on Monday, March 13th, 2023, at 11:00 A.M. Central Time, at the offices of David Drown Associates, Inc., 5029 Upton Avenue South, Minneapolis, Minnesota, after which time they will be opened and tabulated. Consideration for award of the Bonds will be by the City Council at 6:30 P.M., Central Time, on that same date.

SUBMISSION OF PROPOSALS

Proposals may be submitted in a sealed envelope or by fax (612) 605-2375 to David Drown Associates, Inc. Signed Proposals, without final price or coupons, may be submitted to David Drown Associates, Inc. prior to the time of sale. The bidder shall be responsible for submitting to David Drown Associates, Inc. the final Proposal price and coupons, by telephone (612) 920-3320 or fax (612) 605-2375 for inclusion in the submitted Proposal. David Drown Associates, Inc. will assume no liability for the inability of the bidder to reach David Drown Associates, Inc. prior to the time of sale specified above.

Notice is hereby given that electronic proposals will be received via PARITY®, in the manner described below, until 11:00 A.M., CST, on March 13, 2023. Bids may be submitted electronically via PARITY® pursuant to this Notice until 11:00 A.M., CST, but no bid will be received after the time for receiving bids specified above. To the extent any instructions or directions set forth in PARITY® conflict with this Notice, the terms of this Notice shall control. For further information about PARITY®, potential bidders may contact David Drown Associates, Inc. or PARITY® at (212) 806-8304.

Neither the City of Annandale nor David Drown Associates, Inc. assumes any liability if there is a malfunction of PARITY. All bidders are advised that each Proposal shall be deemed to constitute a contract between the bidder and the City to purchase the Bonds regardless of the manner of the Proposal submitted.

DETAILS OF THE BONDS

The Bonds will be dated April 20, 2023, as the date of original issue, and will bear interest payable on February 1 and August 1 of each year, commencing February 1, 2024. Interest will be computed on the basis of a 360-day year of twelve 30-day months. The Bonds will mature February 1 in the years and amounts as follows:

<u>Year</u>	<u>Amount</u>	<u>Year</u>	<u>Amount</u>
2025	\$ 100,000	2035	\$ 140,000
2026	105,000	2036	145,000
2027	110,000	2037	155,000
2028	110,000	2038	160,000
2029	115,000	2039	165,000
2030	120,000	2040	170,000
2031	125,000	2041	180,000
2032	130,000	2042	185,000
2033	130,000	2043	195,000
2034	135,000	2044	205,000

TERM BOND OPTION

Bids for the bonds may contain a maturity schedule providing for a combination of serial bonds and term bonds. All term bonds shall be subject to mandatory sinking fund redemption and must conform to the maturity schedule set forth above at a price of par plus accrued interest to the date of redemption. In order to designate term bonds, the bid must specify as provided on the Proposal Form.

BOOK ENTRY SYSTEM

The Bonds will be issued by means of a book entry system with no physical distribution of Bonds made to the public. The Bonds will be issued in fully registered form and one Bond, representing the aggregate principal amount of the Bonds maturing in each year, will be registered in the name of Cede & Co. as nominee of The Depository Trust Company ("DTC"), New York, New York, which will act as securities depository of the Bonds. Individual purchases of the Bonds may be made in the principal amount of \$5,000 or any multiple thereof of a single maturity through book entries made on the books and records of DTC and its participants. Principal and interest are payable by the registrar to DTC or its nominee as registered owner of the Bonds. Transfer of principal and interest payments to participants of DTC will be the responsibility of DTC; transfer of principal and interest payments to beneficial owners by participants will be the responsibility of such participants and other nominees of beneficial owners. The purchaser, as a condition of delivery of the Bonds, will be required to deposit the Bonds with DTC.

REGISTRAR

The City will name US Bank Trust Company, National Association, St. Paul, MN, as registrar for the Bonds. US Bank Trust Company, National Association shall be subject to applicable SEC regulations. The City will pay for the services of the registrar.

OPTIONAL REDEMPTION

The City may elect on February 1, 2030 and on any day thereafter, to prepay Bonds due on or after February 1, 2031. Redemption may be in whole or in part and if in part at the option of the City and in such manner as the City shall determine. If less than all Bonds of a maturity are called for redemption, the City will notify DTC of the particular amount of such maturity to be prepaid. DTC will determine by lot the amount of each participant's interest in such maturity to be redeemed and each participant will then select by lot the beneficial ownership interests in such maturity to be redeemed. All prepayments shall be at a price of par plus accrued interest.

SECURITY AND PURPOSE

The Bonds will be general obligations of the City for which the City will pledge its full faith and credit and power to levy direct general ad valorem taxes. In addition to pledging tax levies, the City will pledge revenues from the water and sanitary sewer utilities and special assessments. The proceeds will provide financing for the 2023 Lake John Utility Extension Project.

TYPE OF PROPOSALS

Proposals shall be for not less than \$2,844,000.00 (98.75%) and accrued interest on the total principal amount of the Bonds. The apparent low-bidder as notified by David Drown Associates, Inc. shall wire, to a designated account, a good faith amount of \$57,600 by 3:00 p.m. on the date of sale. If the good faith wire transfer is not in process prior to the award, the City shall retain the right to reject the bid. In the event the purchaser fails to comply with the accepted proposal, said amount will be retained by the City. No proposal can be withdrawn or amended after the time set for receiving proposals unless the meeting of the City scheduled for award of the Bonds is adjourned, recessed, or continued to another date without award of the Bonds having been made. Rates shall be in integral multiples of 5/100 or 1/8 of 1%. Rates must be in ascending order. Bonds of the same maturity shall bear a single rate from the date of the Bonds to the date of maturity. No conditional proposals will be accepted.

AWARD

The Bonds will be awarded on the basis of the lowest interest rate to be determined on a net interest cost (NIC) basis. The City's computation of the interest rate of each proposal, in accordance with customary practice, will be controlling. The City will reserve the right to waive non-substantive informalities of any proposal or of matters relating to the receipt of proposals and award of the Bonds, reject all proposals without cause, and reject any proposal which the City determines to have failed to comply with the terms herein.

MATURITY ADJUSTMENTS

The City reserves the right to increase or decrease the principal amount of the Bonds on the day of sale, in increments of \$5,000 each. Increases or decreases may be made in any maturity. If any principal amounts are adjusted, the purchase price proposed will be adjusted to maintain the same gross spread per \$1,000.

ISSUE PRICE DETERMINATION

In order to provide the City with information necessary for compliance with Section 148 of the Internal Revenue Code of 1986, as amended, and the Treasury Regulations promulgated thereunder (collectively, the "Code"), the Purchaser will be required to assist the City in establishing the issue price of the Bonds and shall complete, execute, and deliver to the City prior to the closing date, a written certification in a form acceptable to the Purchaser, the City, and Bond Counsel (the "Issue Price Certificate") containing the following for each maturity of the Bonds (and, if different interest rates apply within a maturity, to each separate CUSIP number within that maturity): (i) the interest rate; (ii) the reasonably expected initial offering price to the "public" (as said term is defined in Treasury Regulation Section 1.148-1(f) (the "Regulation")) or the sale price; and (iii) pricing wires or equivalent communications supporting such offering or sale price. However, such Issue Price Certificate may indicate that the Purchaser has purchased the Bonds for its own account in a capacity other than as an underwriter or wholesaler, and currently has no intent to reoffer the Bonds for sale to the public. Any action to be taken or documentation to be received by the City pursuant hereto may be taken or received on behalf of the City by David Drown Associates, Inc.

The City intends that the sale of the Bonds pursuant to this Terms of Offering shall constitute a "competitive sale" as defined in the Regulation based on the following:

- i. the City shall cause this Terms of Offering to be disseminated to potential bidders in a manner that is reasonably designed to reach potential bidders;
- ii. all bidders shall have an equal opportunity to submit a bid;
- iii. the City reasonably expects that it will receive bids from at least three bidders that have established industry reputations for underwriting municipal bonds such as the Bonds; and
- iv. the City anticipates awarding the sale of the Bonds to the bidder who provides a proposal with the lowest net interest cost, as set forth in this Terms of Offering (See "AWARD" herein).

Any bid submitted pursuant to this Terms of Offering shall be considered a firm offer for the purchase of the Bonds, as specified in the proposal. The Purchaser shall constitute an "underwriter" as said term is defined in the Regulation. By submitting its proposal, the Purchaser confirms that it shall require any agreement among underwriters, a selling group agreement, or other agreement to which it is a party relating to the initial sale of the Bonds, to include provisions requiring compliance with the provisions of the Code and the Regulation regarding the initial sale of the Bonds.

If all requirements of a "competitive sale" are not satisfied, the City shall advise the Purchaser of such fact prior to the time of award of the sale of the Bonds to the Purchaser. **In such event, any proposal submitted will not be subject to cancellation or withdrawal.** Within twenty-four (24) hours of the notice of award of the sale of the Bonds, the Purchaser shall advise the City and David Drown Associates, Inc. if a "substantial amount" (as defined in the Regulation) of any maturity of the Bonds (and, if different interest rates apply within a maturity, to each separate CUSIP number within that maturity) has been sold to the public and the price at which such substantial amount was sold. The City will treat such sale price as the "issue price" for such maturity, applied on a maturity-by-maturity basis. The City will not require the Purchaser to comply with that portion of the Regulation commonly

described as the “hold-the-offering-price” requirement for the remaining maturities, but the Purchaser may elect such option. If the Purchaser exercises such option, the City will apply the initial offering price to the public provided in the proposal as the issue price for such maturities. If the Purchaser does not exercise that option, it shall thereafter promptly provide the City and David Drown Associates, Inc. the prices at which a substantial amount of such maturities are sold to the public; provided such determination shall be made and the City and David Drown Associates, Inc. notified of such prices not later than three (3) business days prior to the closing date.

BOND INSURANCE AT PURCHASER'S OPTION

If the Bonds qualify for issuance of any policy of municipal bond insurance or commitment therefor at the option of the underwriter, the purchase of any such insurance policy or the issuance of any such commitment shall be at the sole option and expense of the purchaser of the Bonds. Any increased costs of issuance of the Bonds resulting from such purchase of insurance shall be paid by the purchaser, except that, if the City has requested and received a rating on the Bonds from a rating agency, the City will pay that rating fee. Any other rating agency fees shall be the responsibility of the purchaser. Failure of the municipal bond insurer to issue the policy after Bonds have been awarded to the purchaser shall not constitute cause for failure or refusal by the purchaser to accept delivery on the Bonds.

CUSIP NUMBERS

If the Bonds qualify for assignment of CUSIP numbers such numbers will be printed on the Bonds, but neither the failure to print such numbers on any Bond nor any error with respect thereto will constitute cause for failure or refusal by the purchaser to accept delivery of the Bonds. The purchaser shall pay the CUSIP Service Bureau charge for the assignment of CUSIP identification numbers.

SETTLEMENT

Within 40 days following the date of their award, the Bonds will be delivered without cost to the purchaser at a place mutually satisfactory to the City and the purchaser. Delivery will be subject to receipt by the purchaser of an approving legal opinion of bond counsel, and of customary closing papers, including a no-litigation certificate. On the date of settlement payment for the Bonds shall be made in federal, or equivalent, funds which shall be received at the offices of the City or its designee not later than 12:00 Noon, Central Time. Except as compliance with the terms of payment for the Bonds shall have been made impossible by action of the City, or its agents, the purchaser shall be liable to the City for any loss suffered by the City by reason of the purchaser's non-compliance with said terms for payment.

FULL CONTINUING DISCLOSURE

On the date of the actual issuance and delivery of the Bonds, the City will execute and deliver a Continuing Disclosure Undertaking where under the City will covenant to provide, or cause to be provided, annual financial and operating information, including audited financial statements of the City, and notices of certain material events, as specified in and required by SEC Rule 15c2-12(b)(5).

OFFICIAL STATEMENT

The City has authorized the preparation of an Official Statement containing pertinent information relative to the Bonds and said Official Statement will serve as a nearly final Official Statement within the meaning of Rule 15c2-12 of the Securities and Exchange Commission. For copies of the Official Statement or for any additional information prior to sale, any prospective purchaser is referred to the Financial Advisor to the City, David Drown Associates, Inc., 5029 Upton Avenue South, Minneapolis, Minnesota 55410, and telephone (612) 920-3320.

The Official Statement, when further supplemented by an addendum or addenda specifying the maturity dates, principal amounts and interest rates of the Bonds, together with any other information required by law, shall constitute a "Final Official Statement" of the City with respect to the Bonds, as that term is defined in Rule 15c2-12. By awarding the Bonds to any underwriter or underwriting syndicate submitting a proposal therefor, the City agrees that, no more than seven business days after the date of such award, it shall provide without cost to the senior

managing underwriter of the syndicate to which the Bonds are awarded 40 copies of the Official Statement and the addendum or addenda described above. The City designates the senior managing underwriter of the syndicate to which the Bonds are awarded as its agent for purposes of distributing copies of the Final Official Statement to each Participating Underwriter. Any underwriter delivering a proposal with respect to the Bonds agrees thereby that if its proposal is accepted by the City (i) it shall accept such designation and (ii) it shall enter into a contractual relationship with all Participating Underwriters of the Bonds for purposes of assuring the receipt by each such Participating Underwriter of the Final Official Statement.

OFFICIAL STATEMENT

CITY OF ANNANDALE, MINNESOTA

\$2,880,000 GENERAL OBLIGATION UTILITY REVENUE BONDS, SERIES 2023A

INTRODUCTION

This Preliminary Official Statement provides information relating to the issuance of, \$2,880,000 General Obligation Utility Revenue Bonds, Series 2023A (the "Bonds") by City of Annandale, Minnesota (the "City"). This Preliminary Official Statement has been executed on behalf of the City and may be distributed in connection with the sale of Bonds authorized therein.

Inquiries may be made to David Drown Associates, Inc., 5029 Upton Avenue South, Minneapolis, MN 55410 or by telephoning (612) 920-3320. Information can also be obtained from Ms. Kelly Hinnenkamp, City Administrator, City of Annandale; PO Box K, City of Annandale, MN 55302 or by telephoning (320) 274-3055.

Full Continuing Disclosure

In order to comply with the provisions of Rule 15c2-12 promulgated by the Securities and Exchange Commission under the Securities Exchange Act of 1934 (the "Rule") the City will enter into an undertaking (the "Undertaking") for the benefit of the holders of the Bonds. Through the Undertaking, the City covenants and agrees to provide certain annual financial and operating information about the City and to provide notice of the occurrence of certain material events. This information shall be provided according to the time parameters described in the Undertaking and to the information repositories and the Municipal Securities Rulemaking Board as required by the Rule. The specific provisions of the Undertaking are set forth in the Continuing Disclosure Certificate (the "Certificate") in substantially the form attached hereto as Appendix C. The Certificate will be executed and delivered by the City at the time the Bonds are delivered. The City is the only "obligated person" with respect to the Bonds within the meaning of the Rule.

The City has complied for the past five (5) years in all material respects in accordance with the terms of its previous continuing disclosure undertakings entered into pursuant to the Rule. However, in the interest of full disclosure, the City notes the following: Prior continuing disclosure undertakings entered into by the City included language stating that the City's audited financial statements would be filed "as soon as available." Although the City did not always comply with this requirement, the audited financial statements were timely filed within the required twelve (12) month timeframe as provided for in each undertaking. Additional information on Continuing Disclosure filings can be found in Appendix F of this document.

The City has no outstanding debt that has been or is going to be issued that has not been disclosed in this Official Statement. The City works with a dissemination agent.

Authority and Purpose

The Bonds are being issued pursuant to Minnesota Statutes, Chapters 429, 444 and 475 to provide financing for the 2023 Lake John Utility Extension Project.

Payment and Security

The Bonds are a general obligation of the City for which its full faith, credit and taxing powers are pledged without limitation as to rate or amount. In addition, the City pledges water and sewer revenues from the City utilities as well as special assessments against benefitted properties.

Optional Redemption

The City may elect on February 1, 2030 and on any day thereafter, to prepay Bonds due on or after February 1, 2031. Redemption may be in whole or in part and if in part at the option of the City and in such manner as the City shall determine. If less than all Bonds of a maturity are called for redemption, the City will notify DTC of the particular amount of such maturity to be prepaid. DTC will determine by lot the amount of each participant's interest in such maturity to be redeemed and each participant will then select by lot the beneficial ownership interests in such maturity to be redeemed. Redemption will be made by giving 30 days' notice by registered mail, to the registered owner of the Bond. All prepayments shall be at a price of par plus accrued interest to the date of call.

Rating

The City has requested a rating on this Issue from S & P Global Ratings. The rating only reflects the view of the rating agency and any explanation of the significance of such rating may only be obtained from S & P Global Ratings. There is no assurance that the rating will continue for any period of time or that it will not be revised or withdrawn. Any revision or withdrawal of the rating may have an adverse effect on the market price of the Bonds.

The City has also requested the State of Minnesota Credit Enhancement Program rating on this issue from S & P Global Ratings. (See next section for information on this program).

State of Minnesota Credit Enhancement Program

By Resolution adopted for this issue on February 13, 2023 (the "Resolution"), the City has covenanted and obligated itself to be bound by the provisions of Minnesota Statutes, Section 446A.086 (the "Act"), which provides for payment by the State of Minnesota in the event of a potential default on certain city obligations. The City has entered into a "Credit Enhancement Program Agreement (the "Agreement") with the Minnesota Public Facilities Authority (the "Authority"), which is acting on behalf of the State of Minnesota.

The City covenants in the Agreement to deposit with the Paying Agent for this issue an amount sufficient to make that payment. The deposit shall be made three business days prior to the date on which a payment is due. Under the Agreement, if the City believes it may be unable to make all or a portion of the principal or interest payment for the Series 2023A Bonds on the due date, it must notify the Authority not less than 15 business days prior to the day a payment is due. The City's agreement with the Paying Agent for the Series 2023A Bonds requires the Paying Agent to immediately inform the Minnesota Commissioner of Finance (with a copy to the Authority) if the Paying Agent becomes aware of a default or potential default in the payment of principal or interest on the Series 2023A Bonds. The Paying Agent is also required to notify the Minnesota Commissioner of Finance if on the day two business days before the date a payment is due on the Series 2023A Bonds there are insufficient funds on deposit with the Paying Agent to make the payment.

If the City is unable to make any portion of the payment on the Series 2023A Bonds on or before the due date, the State of Minnesota, acting through the Authority, shall make such payment in its place pursuant to the Act, providing that funds are available in the State General Fund. The obligation to make a payment under the Act is not a general obligation of the State of Minnesota. The Act does not obligate the legislature to provide for the availability of funds in the General Fund for this purpose.

Taxability of Interest

At closing, Taft Stettinius & Hollister, LLP, Bond Counsel, will render an opinion based upon present federal and State of Minnesota laws (which excludes any pending legislation that may have a retroactive effect), regulations, rulings and decisions, to the following effect:

1. Gross Income: the Bonds, as of their date of issuance, bear interest which is not includable in gross income of the recipient for federal income tax purposes or in taxable net income of individuals, trust and estates for Minnesota income tax purposes, but such interest is includable in taxable income of corporations and financial institutions for purposes of Minnesota franchise tax;
2. Alternative Minimum Tax: interest on the Bonds is not an item of tax preference which is included in alternative minimum taxable income for purposes of the federal alternative minimum tax applicable to individuals or the Minnesota alternative minimum tax imposed on individuals, trusts and estates; however, interest on the Bonds is taken into account in determining "annual adjusted financial statement income" for the purpose of computing the federal alternative minimum tax imposed on certain corporations for tax years beginning after December 31, 2022.
3. Compliance: the above opinions are subject to the condition that the Issuer complies with all applicable federal tax requirements that must be satisfied subsequent to the issuance of the Bonds. FAILURE TO COMPLY WITH CERTAIN OF SUCH REQUIREMENTS MAY CAUSE THE INCLUSION OF INTEREST ON THE BONDS IN FEDERAL GROSS INCOME AND IN MINNESOTA TAXABLE NET INCOME RETROACTIVE TO THE DATE OF ISSUANCE OF THE BONDS

No opinion will be expressed by Bond Counsel regarding other federal or state tax consequences arising with respect to the Bonds. See the form of opinion in Appendix B.

Other Federal Tax Considerations

Property and Casualty Insurance Companies Property and casualty insurance companies are required by federal tax law for taxable years beginning after January 31, 1986, to reduce the amount of their loss reserve deduction by 15% of the amount of tax-exempt interest received or accrued during the taxable year on certain obligations acquired after August 7, 1986, including interest on the Bonds.

Foreign Insurance Companies Foreign companies carrying on an insurance business in the United States are subject to a federal tax on income which is effectively connected with their conduct of any trade or business in the United States. Such income includes tax-exempt interest.

Branch Profits Tax Foreign corporations are subject to a federal "branch profits tax" equal to 30% of the "dividend equivalent amount" for the taxable year. The "dividend equivalent amount" is the foreign corporation's "effectively connected earnings and profits", including tax-exempt municipal bond interest.

Passive Investment Income of S Corporations Passive investment income, including interest on the Bonds, may be subject to federal income taxation under Section 1375 of the Internal Revenue Code of 1986, as amended, for S corporations that have Subchapter C earnings and profits at the close of the taxable year if more than 25% of the gross receipts of such S corporations is passive investment income.

Financial Institutions For federal income tax purposes, financial institutions are unable to deduct any portion of the interest expense allocable to the ownership of certain tax-exempt obligations acquired after August 7, 1986, including the Bonds but for their designation as qualified tax-exempt obligations. See "Qualified Tax-Exempt Obligations" below.

Social Security and Railroad Retirement Benefits Certain recipients of social security benefits and railroad retirement benefits are required to include a portion of such benefits within gross income by reason of receipt of interest on tax-exempt obligations, including the Bonds.

Exclusion Not Constitutionally Required The United States Supreme Court ruled in 1988 that the exclusion from gross income of interest on state and local bonds is not required by the United States constitution. The Constitution of the State of Minnesota likewise does not require the exclusion from gross income or taxable net income of interest on bonds of Minnesota issuers. Hence, future federal and/or state laws could cause the inclusion of interest on bonds, including the Bonds, in gross income or taxable net income, or could otherwise cause such interest to be taxed or to be included in the calculation of other income which is taxed.

General The above is not a comprehensive list of all federal or state tax consequences which may arise from the receipt or accrual of interest on the Bonds. The receipt or accrual of interest on the Bonds may otherwise affect the federal or state income tax liability of the recipient based on the particular taxes to which the recipient is subject and the particular tax status of other items of income or deductions. Bond Counsel expresses no opinion regarding any such consequences. All prospective purchasers of the Bonds are advised to consult their own tax advisors as to the tax consequences of, or tax considerations for, purchasing or holding the Bonds.

Risk Factors

Following is a description of possible risks to holders of these Bonds without weighting as to probability. This description of risks is not intended to be all-inclusive, and there may be other risks not now perceived or listed here.

Taxes The Bonds of this offering are general obligations of the County, the ultimate payment of which rests in the County's ability to levy and collect sufficient taxes to pay debt service should other revenue (water or sewer revenues) be insufficient.

State Actions Many elements of local government finance, including the issuance of debt and the levy of property taxes, are controlled by state government. Past and future actions of the State may affect the overall financial condition of the City, the taxable value of property within the City, and the ability of the City to levy property taxes.

Tax Exemption: If the federal government or the State of Minnesota taxes all or a portion of the interest on municipal obligations, directly or indirectly, or if there is a change in federal or state tax policy, the value of the Bonds may fall for purposes of resale. Noncompliance following the issuance of the Bonds with certain requirements of the Code and covenants of the Award Resolution may result in the inclusion of interest on the Bonds in gross income of the recipient for United States or in taxable net income of individuals, estates or trusts for State of Minnesota income tax purposes. No provision has been made for redemption of the Bonds, or for an increase in the interest rate on the Bonds, in the event that interest on the Bonds becomes subject to United States or State of Minnesota income taxation, retroactive to the date of issuance.

Continuing Disclosure A failure by the City to comply with the Undertaking for continuing disclosure (see "Continuing Disclosure") will not constitute an event of default on the Bonds. Any such failure must be reported in accordance with the Rule and must be considered by any broker, dealer, or municipal securities dealer before recommending the purchase or sale of the Bonds in the secondary market. Such a failure may adversely affect the transferability and liquidity of the Bonds and their market price.

State Economy; State Aids State of Minnesota cash flow problems could affect local governments and possibly increase property taxes.

Book-Entry-Only System The timely credit of payments for principal and interest on the Bonds to the accounts of the Beneficial Owners of the Bonds may be delayed due to the customary practices, standing instructions or for other unknown reasons by DTC participants or indirect participants. Since the notice of redemption or other notices to holders of these obligations will be delivered by the City to DTC only, there may be a delay or failure by DTC, DTC participants or indirect participants to notify the Beneficial Owners of the Bonds.

Economy A combination of economic, climatic, political or civil disruptions or terrorist actions could affect the local economy and result in reduced tax collections and/or increased demands upon local government.

General The above is not a comprehensive list of all federal or state tax consequences which may arise from the receipt or accrual of interest on the Bonds. The receipt or accrual of interest on the Bonds may otherwise affect the federal or state income tax liability of the recipient based on the particular taxes to which the recipient is subject and the particular tax status of other items of income or deductions. Bond Counsel expresses no opinion regarding any such consequences. All prospective purchasers of the Bonds are advised to consult their own tax advisors as to the tax consequences of, or tax considerations for, purchasing or holding the Bonds.

COVID-19

In late 2019 a novel strain of coronavirus emerged. COVID-19, as it is known, was declared a worldwide pandemic on March 11, 2020, by the World Health Organization. The response of the United States government, state governments and local governments has been to implement social distancing orders in order to limit the spread of COVID-19.

On March 13, 2020, the Governor of the State of Minnesota (the “Governor”) signed Emergency Executive Order 20-01, declaring a peacetime emergency due to the pandemic. This Executive Order was extended on April 13, 2020 and again on May 13, 2020. The Executive Order put in place and extended the stay at home order to continue the closing of bars, restaurants and other public gathering places and businesses. This is the “Stay Safe Order”.

On April 23, 2020, the Governor signed Executive Order 20-41 directing the Distance Learning Period for Minnesota school students to be extended through the end of the 2019/20 school year. On April 30, the Governor signed Executive Order 20-48 which extended and modified the Stay Safe Order through May 17, 2020.

Effective May 18, Executive Order 20-55 encourages Minnesotans to stay close to home but allows gatherings of friends and family of 10 people or less, if proper social distancing measures—like staying six feet apart and wearing a mask—are taken. The order also further opens retail stores and other Main Street businesses if they have a preparedness plan and operate at 50 percent occupancy.

Executive Order 20-74 was signed on June 5, 2020 and outlines the guidelines for continuing to safely reopen Minnesota’s economy and ensuring safe non-work activities during the COVID-19 emergency. Effective as of June 10, 2020 the guidelines continue to lift restrictions that were identified in prior Executive Orders.

Executive Order 20-81 was signed on July 22, 2020. This Order requires people to wear a face covering in certain settings across Minnesota to prevent the spread of COVID-19. This EO is effective July 25, 2020 and rescinds paragraph 3 of Emergency EO 20-74 which recommended the wearing of face coverings and masks.

On November 10, 2020, Executive Order 20-96 was signed by the Minnesota governor. This EO outlines statewide regulations for social gatherings, celebrations and receptions, as well as entertainment/food/beverage venues.

On January 13, 2021, the Minnesota governor signed EO 21-04. This EO extends the Peacetime Emergency within the State of Minnesota through February 12, 2021.

The full impact of COVID-19 cannot be predicted by the City and they make no representations as to the impact on future financial positions and operations.

Details of Certain Terms

So long as the Book-Entry Only System is used, payments from Cede & Co., as the Record Holder, to the Beneficial Owners shall be governed by the Book-Entry Only System. If the Book-Entry Only System is discontinued, the principal of and premium, if any, on the Bonds will be payable upon presentation and surrender at the offices of the Paying Agent and Registrar or a duly appointed successor. Interest on the Bonds will be paid by check or draft mailed by the Bond Registrar to the registered holders thereof as such appear on the registration books maintained by the Bond Registrar as of the close of business on the fifteenth day (whether or not a business day) of the month prior to the interest payment date (the “Record Date”).

Original Issue Discount

Original Issue Discount Bonds ("OID Bonds") may be sold at initial public offering prices which are less than the principal amounts payable at maturity. For each maturity of OID Bonds, original issue discount is the excess of the stated redemption price at maturity of such Bonds over the initial offering price to the public, excluding underwriters and other intermediaries, at which price a substantial amount of such Bonds are sold. The appropriate portion of such original issue discount allocable to the original and each subsequent holder will be treated as interest and excluded from gross income for federal income tax purposes and will increase a holders' tax basis in such Bonds for purposes of determining gain or loss upon sale, exchange, redemption, or payment at maturity. Owners of such Bonds should consult their own tax advisors with respect to the computation and determination of the portion of original issue discount which will be treated as interest and added to a holder's tax basis during the period such Bonds are held.

Original Issue Premium

Original Issue Premium Bonds ("Premium Bonds") may be sold at initial public offering prices which are greater than the principal amounts payable at maturity. Bondholders who acquire Premium Bonds should consult their tax advisors concerning the calculation of bond premium and the timing and rate of premium amortization, as well as the federal, state and local tax consequences of owning and selling Bonds acquired at a premium.

Term Bond Option

Bids for the bonds may contain a maturity schedule providing for a combination of serial bonds and term bonds. All term bonds shall be subject to mandatory sinking fund redemption and must conform to the maturity schedule set forth above at a price of par plus accrued interest to the date of redemption. In order to designate term bonds, the bid must specify as provided on the Proposal Form.

Maturity Adjustments

The City reserves the right to increase or decrease the principal amount of the Bonds on the day of sale, in increments of \$5,000 each. Increases or decreases may be made in any maturity. If any principal amounts are adjusted, the purchase price proposed will be adjusted to maintain the same gross spread per \$1,000.

Bank-qualified Tax-Exempt Obligations

The City will designate the Bonds as "qualified tax-exempt obligations" for purposes of Section 265(b)(3) of the federal Internal Revenue Code of 1986, as amended, relating to the ability of financial institutions to deduct from income for federal income tax purposes interest expense that is allocable to carrying and acquiring tax-exempt obligations. "Qualified tax-exempt obligations" are treated as acquired by the financial institution before August 8, 1986. Interest allocable to such obligations remains subject to the 20% disallowance contained in prior law.

Book Entry System

The Depository Trust Company ("DTC"), New York, New York, will act as securities depository for the Obligations. The Obligations will be issued as fully-registered securities registered in the name of Cede & Co. (DTC's partnership nominee). One fully-registered certificate will be issued for each maturity of the Obligations, in the aggregate principal amount of such maturity, and will be deposited with DTC.

DTC is a limited-purpose trust company organized under the New York State Banking Law, a "banking organization" within the meaning of the New York State Banking Law, a member of the Federal Reserve System, a "clearing corporation" within the meaning of the New York State Uniform Commercial Code, and a "clearing agency" registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934. DTC holds securities that its participants ("Direct Participants") deposit with DTC. DTC also facilitates the post-sale settlement among Direct Participants of sales and other securities transactions in deposited securities through electronic computerized book-entry transfers and pledges between Direct Participants' accounts, thereby eliminating the need for physical

movement of securities certificates. Direct Participants include securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations. DTC is a wholly owned subsidiary of The Depository Trust and Clearing Corporation ("DTCC"). DTCC, in turn, is owned by a number of Direct Participants of DTC and members of the National Securities Clearing Corporations, Fixed Income Clearing Corporation, and Emerging Markets Clearing Corporations (NSCC, FICC, and EMCC, also subsidiaries of DTCC), as well as by the New York Stock Exchanges, Inc., the American Stock Exchanges LLC, and the National Association of Securities Dealers, Inc. Access to the DTC system is also available to others such as securities brokers and dealers, banks, trust companies and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly ("Indirect Participants"). The Rules applicable to DTC and its Direct and Indirect Participants are on file with the Securities and Exchange Commission. More information about DTC can be found at www.dtcc.com and www.dtc.org.

Purchases of Obligations under the DTC system must be made by or through Direct Participants, which will receive a credit for the Obligations on DTC's records. The ownership interest of each actual purchaser of each Bond ("Beneficial Owner") is in turn to be recorded on the Direct and Indirect Participants' records. Beneficial Owners will not receive written confirmation from DTC of their purchase, but Beneficial Owners are expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the Obligations are to be accomplished by entries made on the books of Direct and Indirect Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interest in the Obligations, except in the event that use of the book entry system for the Obligations is discontinued or as an option upon the transfer of an entire maturity.

To facilitate subsequent transfers, all Obligations deposited by Direct Participants with DTC are registered in the name of DTC's partnership nominee, Cede & Co. or such other name as requested by an authorized representative of DTC. The deposit of Obligations with DTC and their registration in the name of Cede & Co. or such other DTC nominee do not affect any change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the Obligations; DTC's records reflect only the identity of the Direct Participants to whose accounts such Obligations are credited, which may or may not be the Beneficial Owners. The Direct and Indirect Participants will remain responsible for keeping account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time. Beneficial Owners of the Obligations may wish to take certain steps to augment transmission to them of notices of significant events with respect to the Obligations, such as redemptions, tenders, defaults, and proposed amendments to the security documents. Beneficial Owners of the Obligations may wish to ascertain that the nominee holding the Obligations for their benefit has agreed to obtain and transmit notices to Beneficial Owners.

Redemption notices for the Obligations shall be sent to Cede & Co. If less than all of the Obligations within a maturity are being redeemed, DTC's practice is to determine by lot the amount of the interest of each Direct Participant in such maturity to be redeemed.

Neither DTC nor Cede & Co. (nor such other DTC nominee) will consent or vote with respect to Obligations unless authorized by a Direct Participant in accordance with DTC's procedures. Under its usual procedures, DTC mails an Omnibus Proxy to the Issue or Registrar as soon as possible after the record date. The Omnibus Proxy assigns Cede & Co.'s consenting or voting rights to those Direct Participants to whose accounts the Obligations are credited on the record date (identified in a listing attached to the Omnibus Proxy).

Principal and interest payments on the Obligations will be made to Cede & Co. or such other nominee as may be requested by an authorized representative of DTC. DTC's practice is to credit Direct Participants' accounts, upon DTC's receipt of funds and corresponding detail information from Issuer or Agent on the payable date in accordance with their respective holdings shown on DTC's records. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in "street name" and will be the responsibility of such Participant and not of DTC (nor its nominee), the Registrar, or the Issuer, subject to any statutory or regulatory requirements as may be

in effect from time to time. Payment of principal and interest to Cede & Co. (or other such nominee as may be requested by an authorized representative of DTC) is the responsibility of the Registrar, Issuer, or Agent. Disbursement of such payments to Direct Participants will be the responsibility of DTC, and disbursement of such payments to the Beneficial Owners will be the responsibility of Direct and Indirect Participants.

DTC may discontinue providing its services as securities depository with respect to the Obligations at any time by giving reasonable notice to the Registrar. Under such circumstances, in the event that a successor securities depository is not obtained, certificates are required to be printed and delivered.

The Issuer may decide to discontinue use of the system of book entry transfers through DTC (or a successor securities depository). In that event, certificates will be printed and delivered. The information in this section concerning DTC and DTC's book entry-system has been obtained from sources that the Issuer believes to be reliable, but the Issuer takes no responsibility for the accuracy thereof.

Litigation

The City is not aware of any threatened or pending litigation affecting the validity of the Bonds or the City's ability to meet its financial obligations.

Future Financing

The City currently has no plans for additional new general obligation bonds during the next twelve (12) months.

Legality

The Bonds are subject to approval as to certain matters by Taft Stettinius & Hollister, LLP of Minneapolis, Minnesota, as Bond Counsel. Bond Counsel has neither been engaged nor undertaken to prepare, opine on, examine or independently verify the accuracy of any portion of this Official Statement, including the financial, statistical or operational statements or data contained in this Official Statement and risks associated with the purchase of the Bonds, except for statements under "Taxability of Interest" herein that summarize certain provisions of the Internal Revenue Code of 1986, as amended, the Bonds and any opinion rendered by Bond Counsel. Bond Counsel has prepared the form of legal opinion attached hereto as "Appendix B – PROPOSED FORM OF LEGAL OPINION," and a legal opinion in substantially the form set out in Appendix B herein will be delivered at closing.

By expressing its opinion, Bond Counsel is expressing its professional judgment and does not become an insurer or guarantor of the result indicated by that expression of professional judgment or of the transaction or the future performance of the parties to the transaction. Ownership of the Bonds may result in other state and local tax consequences to certain taxpayers. Bond Counsel expresses no opinion regarding any such collateral consequences arising with respect to the Bonds. Prospective purchasers of the Bonds should consult their own tax advisors regarding the applicability of any such state and local taxes.

Municipal Advisor

The City has retained David Drown Associates, Inc., Minneapolis, Minnesota, as Municipal Advisor (the "Municipal Advisor") in connection with the issuance of the Bonds. In preparing the Preliminary Official Statement, the Municipal Advisor has relied upon governmental officials and other sources that have access to relevant information contained in the Preliminary Official Statement. The Municipal Advisor has not been engaged, nor has it undertaken to independently verify, the accuracy of such information. The Municipal Advisor is not a public accounting firm and has not been engaged by the City to compile, review, examine or audit any information in the Preliminary Official Statement in accordance with accounting standards. The Municipal Advisor is an independent advisory firm and is not engaged in the business of underwriting, trading or distributing municipal securities or other public securities.

Certification

The City has authorized the distribution of this Preliminary Official Statement for use in connection with the initial sale of the Bonds. As of the date of the settlement of the Bonds, the Purchaser(s) will be furnished with a certificate signed by the appropriate officers of the City. The certificate will state that as of the date of the Preliminary Official Statement, it did not and does not as of the date of the certificate contain any untrue statement of material fact or omit to state a material fact necessary in order to make the statements made therein, in light of the circumstances under which they were made, not misleading.

GENERAL INFORMATION

The City of Annandale is located in Wright County approximately 68 miles northwest of the City of Minneapolis and 26 miles south of the City of St. Cloud. Minnesota Highways 55 and 24 run through the City providing easy access to St. Cloud and the Twin Cities Metropolitan area.

Organization

The City was organized in 1888 as a Statutory City and currently operates under the Mayor-Council form of government. The City Council is composed of a mayor and four Council members. The Mayor is elected at large and serves a four-year term. Four Council members are elected at large to serve overlapping four-year terms. The City Council, is comprised of the following members with the mayor only voting in case of a tie:

<u>Name</u>	<u>Position</u>	<u>Expires</u>
Shelly Jonas	Mayor	2024
Corey Czycalla	Council Member	2026
Tina Honsey	Council Member	2026
JT Grundy	Council Member	2024
Matthew Wuollet	Council Member	2024

The City Administrator, Kelly Hinnenkamp, is appointed by the City Council. Ms. Hinnenkamp is responsible for administering the various City departments, implementing Council policies and coordinating the preparation of the annual City budget.

The City currently employs 13 full-time and two (2) part-time persons. There are also five (5) full-time police officers and six (6) part-time police officers as well as a volunteer fire department of 24.

City Services

The City's water utility is supplied from three (3) City wells with a pumping capacity of 3,000,000 gallons per day and an average demand of 250,000 gallons per day. The peak demand is 800,000 gallons per day. The City maintains a 300,000 gallon elevated storage facility. There are 1,042 connections to the water utility.

The City's sewer utility consists of a mechanical plant with a treatment capacity of 1,100,000 gallons per day. The average demand is 450,000 gallons per day with a peak of 684,000 gallons per day. There are 1,042 connections to the sewer utility. The sewer system is jointly owned by the cities of Annandale, Howard Lake and Maple Lake.

The City has seven (7) neighborhood parks that have playground facilities, ballfields, restrooms, pavilions, and a city beach with a beach house. The property is maintained by the public works staff of the City and the summer recreation program is managed by Independent Public School district staff.

Employee Pensions

The full-time and certain part-time employees of the City are covered by defined benefit pension plans administered by the Public Employees Retirement Association of Minnesota (PERA.) PERA administers the General Employees Retirement Plan (GERP) and the Public Employees Police and Fire Plan (PEPFP) which are cost sharing multiple-employer retirement plans. PERA members belong to the Coordinated Plan and are covered by Social Security. All police officers, fire fighters and peace officers that qualify for membership by statute are covered by the PEPFP. The City contribution to GERP for the year ended December 31, 2021 was \$63,240. The City contribution to PEPFP for the year ended December 31, 2021 was \$68,591.

APPENDIX A

COUNTY AUDITOR'S CERTIFICATE

The following pages contain a copy of the Wright County Auditor's Certificate for taxes payable in 2022.

PROPOSED FORM OF LEGAL OPINION

\$2,880,000
GENERAL OBLIGATION UTILITY REVENUE BONDS, SERIES 2023A
CITY OF ANNANDALE
WRIGHT COUNTY
MINNESOTA

We have acted as bond counsel in connection with the issuance by the City of Annandale, Wright County, Minnesota (the "Issuer"), of its \$2,880,000 General Obligation Utility Revenue Bonds, Series 2023A, bearing a date of original issue of April 20, 2023 (the "Bonds"). We have examined the law and such certified proceedings and other documents as we deem necessary to render this opinion.

We have not been engaged or undertaken to review the accuracy, completeness or sufficiency of the Official Statement or other offering material relating to the Bonds, and we express no opinion relating thereto.

As to questions of fact material to our opinion, we have relied upon the certified proceedings and other certifications of public officials furnished to us without undertaking to verify the same by independent investigation.

Based upon such examinations, and assuming the authenticity of all documents submitted to us as originals, the conformity to original documents of all documents submitted to us as certified or photostatic copies and the authenticity of the originals of such documents, and the accuracy of the statements of fact contained in such documents, and based upon present Minnesota and federal laws (which excludes any pending legislation which may have a retroactive effect on or before the date hereof), regulations, rulings and decisions, it is our opinion that:

(1) The proceedings show lawful authority for the issuance of the Bonds according to their terms under the Constitution and laws of the State of Minnesota now in force.

(2) The Bonds are valid and binding general obligations of the Issuer, and all of the taxable property within the Issuer's jurisdiction is subject to the levy of an ad valorem tax to pay the same without limitation as to rate or amount; provided that the enforceability (but not the validity) of the Bonds and the pledge of taxes for the payment of the principal and interest thereon is subject to the exercise of judicial discretion in accordance with general principles of equity, to the constitutional powers of the United States of America and to bankruptcy, insolvency, reorganization, moratorium and other similar laws affecting creditors' rights heretofore or hereafter enacted.

(3) At the time of the issuance and delivery of the Bonds to the original purchaser, the interest on the Bonds is excluded from gross income for United States income tax purposes and is excluded, to the same extent, from both gross income and taxable net income for State of Minnesota income tax purposes (other than Minnesota franchise taxes measured by income and imposed on corporations and financial institutions), and is not an item of tax preference for purposes of the federal alternative minimum tax imposed on individuals or the Minnesota alternative minimum tax applicable to individuals, estates or trusts; however, interest on the Bonds is taken into account in determining "annual adjusted financial statement income" for the purpose of computing the federal alternative minimum tax imposed on certain corporations for tax years beginning after December 31, 2023. The opinions set forth in the preceding sentence are subject to the condition that the Issuer comply with all requirements of the Internal Revenue Code of 1986, as amended, that must be satisfied subsequent to the issuance of the Bonds in order that interest thereon be, or continue to be, excluded from gross income for federal income tax purposes and from both gross income and taxable net income for State of Minnesota income tax purposes. Failure to comply with certain of such requirements may cause the inclusion of interest on the Bonds in gross income and taxable net income retroactive to the date of issuance of the Bonds.

We express no opinion regarding other state or federal tax consequences caused by the receipt or accrual of interest on the Bonds or arising with respect to ownership of the Bonds.

This opinion is given as of the date hereof, and we assume no obligation to update, revise, or supplement this opinion to reflect any facts or circumstances that may hereafter come to our attention or any changes in law that may hereafter occur and be retroactive.

[Appendix C to Official Statement]

PROPOSED FORM OF CONTINUING DISCLOSURE UNDERTAKING

This Continuing Disclosure Undertaking (the "Disclosure Undertaking") is executed and delivered by the City of Annandale, Minnesota (the "Issuer"), in connection with the issuance of its \$2,880,000 General Obligation Utility Revenue Bonds, Series 2023A (the "Bonds"). The Bonds are being issued pursuant to a Resolution adopted on March 13, 2023 (the "Resolution"). Pursuant to the Resolution and this Disclosure Undertaking, the Issuer covenants and agrees as follows:

SECTION 1. Purpose of the Disclosure Undertaking. This Disclosure Undertaking is being executed and delivered by the Issuer for the benefit of the Owners and in order to assist the Participating Underwriters in complying with SEC Rule 15c2-12(b)(5).

SECTION 2. Definitions. In addition to the definitions set forth in the Resolution, which apply to any capitalized term used in this Disclosure Undertaking unless otherwise defined in this Section, the following capitalized terms shall have the following meanings:

"Annual Report" shall mean any annual financial information provided by the Issuer pursuant to, and as described in, Sections 3 and 4 of this Disclosure Undertaking.

"Audited Financial Statements" shall mean the financial statements of the Issuer audited annually by an independent certified public accounting firm, prepared pursuant to generally accepted accounting principles promulgated by the Financial Accounting Standards Board, modified by governmental accounting standards promulgated by the Government Accounting Standards Board.

"Dissemination Agent" shall mean such party from time to time designated in writing by the Issuer to act as information dissemination agent and which has filed with the Issuer a written acceptance of such designation.

"Financial Obligation" shall mean a (i) debt obligation; (ii) derivative instrument entered into in connection with, or pledged as security or a source of payment for, an existing or planned debt obligation; or (iii) guarantee of (i) or (ii). This term shall not include municipal securities as to which a final official statement has been provided to the MSRB consistent with the Rule.

"Fiscal Year" shall be the fiscal year of the Issuer.

"Governing Body" shall, with respect to the Bonds, have the meaning given that term in Minnesota Statutes, Section 475.51, Subdivision 9.

"MSRB" shall mean the Municipal Securities Rulemaking Board.

"Occurrence(s)" shall mean any of the events listed in Section 5 of this Disclosure Undertaking.

"Official Statement" shall be the Official Statement dated _____, 2023, prepared in connection with the Bonds.

"Owners" shall mean the registered holders and, if not the same, the beneficial owners of any Bonds.

"Participating Underwriter" shall mean any of the original underwriters of the Bonds required to comply with the Rule in connection with offering of the Bonds.

"Resolution" shall mean the resolution or resolutions adopted by the Governing Body of the Issuer providing for, and authorizing the issuance of, the Bonds.

"Rule" shall mean Rule 15c2-12(b)(5) adopted by the Securities and Exchange Commission under the Securities Exchange Act of 1934, as the same may be amended from time to time or interpreted by the Securities and Exchange Commission.

SECTION 3. Provision of Annual Reports.

A. Beginning in connection with the Fiscal Year ending on December 31, 2022, the Issuer shall, or shall cause the Dissemination Agent to provide to the MSRB by filing at www.emma.msrb.org, together with such identifying information as prescribed by the MSRB, an Annual Report which is consistent with the requirements of Section 4 of this Disclosure Undertaking by not later than December 31, 2023, and by December 31 of each year thereafter.

B. If the Issuer is unable to provide to the MSRB an Annual Report by the date required in subsection A, the Issuer shall send a notice of such delay and estimated date of delivery to the MSRB.

SECTION 4. Content and Format of Annual Reports. The Issuer's Annual Report shall contain or incorporate by reference the financial information and operating data pertaining to the Issuer listed below as of the end of the preceding Fiscal Year. The Annual Report may be submitted to the MSRB as a single document or as separate documents comprising a package, and may cross-reference other information as provided in this Disclosure Undertaking.

The following financial information and operating data shall be supplied:

A. An update of the operating and financial data of the type of information contained in the Official Statement under the captions: Valuations – County Auditor; Trends in Valuations; and City Indebtedness.

B. Audited Financial Statements of the Issuer. The Audited Financial Statements of the Issuer may be submitted to the MSRB separately from the balance of the Annual Report. In the event Audited Financial Statements of the Issuer are not available on or before the date for filing the Annual Report with the MSRB as set forth in Section 3.A. above, unaudited financial statements shall be provided as part of the Annual Report. The accounting principles pursuant to which the financial statements will be prepared will be pursuant to generally accepted accounting principles promulgated by the Financial Accounting Standards Board, as such principles are modified by the governmental accounting standards promulgated by the Government Accounting

Standards Board, as in effect from time to time. If Audited Financial Statements are not provided because they are not available on or before the date for filing the Annual Report, the Issuer shall promptly provide them to the MSRB when available.

SECTION 5. Reporting of Significant Events. This Section 5 shall govern the giving of notices of the occurrence of any of the following events with respect to the Bonds:

- (1) Principal and interest payment delinquencies;
- (2) Non-payment related defaults, if material;
- (3) Unscheduled draws on debt service reserves reflecting financial difficulties;
- (4) Unscheduled draws on credit enhancements reflecting financial difficulties;
- (5) Substitution of credit or liquidity providers, or their failure to perform;
- (6) Adverse tax opinions, the issuance by the Internal Revenue Service of proposed or final determinations of taxability, Notices of Proposed Issue (IRS Form 5701-TEB), or other material notices or determinations with respect to the tax status of the Bonds, or other material events affecting the tax status of the Bonds;
- (7) Modifications to rights of security holders, if material;
- (8) Bond calls, if material, and tender offers;
- (9) Defeasances;
- (10) Release, substitution, or sale of property securing repayment of the Bonds, if material;
- (11) Rating changes;
- (12) Bankruptcy, insolvency, receivership or similar event of the Issuer;
- (13) The consummation of a merger, consolidation, or acquisition involving an obligated person or the sale of all or substantially all of the assets of the obligated person, other than in the ordinary course of business, the entry into a definitive agreement to undertake such an action or the termination of a definitive agreement relating to any such actions, other than pursuant to its terms, if material;
- (14) Appointment of a successor or additional trustee or the change of name of a trustee, if material;
- (15) Incurrence of a Financial Obligation of the obligated person, if material, or agreement to covenants, events of default, remedies, priority rights, or other similar terms of a Financial Obligation of the obligated person, any of which affect security holders, if material; and,
- (16) Default, event of acceleration, termination event, modification of terms, or other similar events under the terms of a Financial Obligation of the obligated person, any of which reflect financial difficulties.

Whenever an event listed above has occurred, the Issuer shall promptly, which may not be in excess of the ten (10) business days after the Occurrence, file a notice of such Occurrence with the MSRB, by filing at www.emma.msrb.org, together with such identifying information as prescribed by the MSRB.

The Issuer agrees to provide or cause to be provided, in a timely manner, to the MSRB notice of a failure by the Issuer to provide the Annual Reports described in Section 4.

SECTION 6. Termination of Reporting Obligation. The Issuer's obligations under this Disclosure Undertaking shall terminate upon the legal defeasance, prior redemption or payment in full of all of the Bonds.

SECTION 7. Dissemination Agent. The Issuer may, from time to time, appoint or engage a Dissemination Agent to assist it in carrying out its obligations under this Disclosure Undertaking, and may discharge any such Dissemination Agent, with or without appointing a successor Dissemination Agent.

SECTION 8. Amendment; Waiver. Notwithstanding any other provision of this Disclosure Undertaking, the Issuer may amend this Disclosure Undertaking, and any provision of this Disclosure Undertaking may be waived, if (a) a change in law or change in the ordinary business or operation of the Issuer has occurred, (b) such amendment or waiver would not, in and of itself, cause the undertakings herein to violate the Rule if such amendment or waiver had been effective on the date hereof but taking into account any subsequent change in or official interpretation of the Rule, and (c) such amendment or waiver is supported by an opinion of counsel expert in federal securities laws to the effect that such amendment or waiver would not materially impair the interests of Owners.

SECTION 9. Additional Information. Nothing in this Disclosure Undertaking shall be deemed to prevent the Issuer from disseminating any other information, using the means of dissemination set forth in this Disclosure Undertaking or any other means of communication, or including any other information in any Annual Report or notice of an Occurrence, in addition to that which is required by this Disclosure Undertaking. If the Issuer chooses to include any information in any Annual Report or notice of an Occurrence in addition to that which is specifically required by this Disclosure Undertaking, the Issuer shall have no obligation under this Disclosure Undertaking to update such information or include it in any future Annual Report or notice of an Occurrence.

SECTION 10. Default. In the event of a failure of the Issuer to provide information required by this Disclosure Undertaking, any Owner may take such actions as may be necessary and appropriate, including seeking mandamus or specific performance by court order, to cause the Issuer to comply with its obligations to provide information under this Disclosure Undertaking. A default under this Disclosure Undertaking shall not be deemed an Event of Default under the Resolution, and the sole remedy under this Disclosure Undertaking in the event of any failure of the Issuer to comply with this Disclosure Undertaking shall be an action to compel performance.

SECTION 11. Beneficiaries. This Disclosure Undertaking shall inure solely to the benefit of the Issuer, the Participating Underwriters and Owners from time to time of the Bonds, and shall create no rights in any other person or entity.

SECTION 12. Reserved Rights. The Issuer reserves the right to discontinue providing any information required under the Rule if a final determination should be made by a court of competent jurisdiction that the Rule is invalid or otherwise unlawful or, subject to the provisions of Section 8 hereof, to modify the undertaking under this Disclosure Undertaking if the Issuer determines that such modification is required by the Rule or by a court of competent jurisdiction.

Summary of Tax Levies, Payment Provisions & Valuations

Following is a summary of certain statutory provisions relative to tax levy procedures, tax payment and credit procedures, and the mechanics of real property valuation. The summary does not purport to be inclusive of all such provisions or of the specific provisions discussed and is qualified by reference to the complete text of applicable statutes, rules and regulations of the State of Minnesota.

Property Valuations (Chapter 273, Minnesota Statutes)

Assessor's Estimated Market Value. Each parcel of real property subject to taxation must, by statute, be appraised at least once every five years as of January 2 of the year of appraisal. With certain exceptions, all property is valued at its market value, which is the value the assessor determines to be the price the property to be worth, and which is referred to as the "Estimated Market Value." The 2013 Minnesota Legislature established the Estimated Market Value as the value used to calculate a municipality's legal debt limit.

Economic Market Value. The Economic Market Value is the value of locally assessed real property (Assessor's Estimated Market Value) divided by the sales ratio as provided by the State of Minnesota Department of Revenue plus the estimated market value of personal property, utilities, railroad, and minerals.

Taxable Market Value. The Taxable Market Value is the value that Net Tax Capacity is based on, after all reductions, limitations, exemptions and deferrals.

Net Tax Capacity. The Net Tax Capacity is the value upon which net taxes are levied, extended and collected. The Net Tax Capacity is computed by applying the class rate percentages specific to each type of property classification against the Taxable Market Value. Class rate percentages vary depending on the type of property as shown on the last page of this Appendix. The formulas and class rates for converting Taxable Market Value to Net Tax Capacity represent a basic element of the State's property tax relief system and are subject to annual revisions by the State Legislature. Property taxes are the sum of the amounts determined by (i) multiplying the Net Tax Capacity by the tax capacity rate and multiplying the referendum market value by the market value rate.

Market Value Homestead Exclusion. In 2011, the Market Value Homestead Exclusion Program (MVHE) was implemented to offset the elimination of the Market Value Homestead Credit Program that provided relief to certain homesteads. The MVHE reduces the taxable market value of a homestead with an Assessor's Estimated Market Value up to \$413,800 in an attempt to result in a property tax similar to the effective property tax prior to the elimination of the homestead credit. The MVHE applies to property classified as Class 1a or 1b and Class 2a and causes a decrease in the Issuer's aggregate Taxable Market Value, even if the Assessor's Estimated Market Value on the same properties did not decline.

Property Tax Payments and Delinquencies

(Chapters 275, 276, 277, 279 – 282 and 549, Minnesota Statutes)

Ad valorem property taxes levied by local governments in Minnesota are extended and collected by the various counties within the State. Each taxing jurisdiction is required to certify the annual tax levy to the county auditor within five (5) working days after December 20 of the year preceding the collection year. A listing of property taxes due is prepared by the county auditor and turned over to the county treasurer on or before the first business day in March.

The county treasurer is responsible for collecting all property taxes within the county. Real estate and personal property tax statements are mailed out by March 31. One-half (1/2) of the taxes on real property is due on or before May 15. The remainder is due on or before October 15. Real property taxes not paid by their due date are assessed a penalty on homestead property of 2% until May 31 and increased to 4% on June 1. The penalty on non-homestead property is assessed at a rate of 4% until May 31 and increased

to 8% on June 1. Thereafter, an additional 1% penalty shall accrue each month through October 1 of the collection year for unpaid real property taxes. In the case of the second installment of real property taxes due October 15, a penalty of 2% on homestead property and 4% on non-homestead property is assessed. The penalty for homestead property increases to 6% on November 1 and again to 8% on December 1. The penalty for non-homestead property increases to 8% on November 1 and again to 12% on December 1. Personal property taxes remaining unpaid on May 16 are deemed to be delinquent and a penalty of 8% attaches to the unpaid tax. However, personal property that is owned by a tax-exempt entity, but is treated as taxable by virtue of a lease agreement, is subject to the same delinquent property tax penalties as real property.

On the first business day of January of the year following collection all delinquencies are subject to an additional 2% penalty, and those delinquencies outstanding as of February 15 are filed for a tax lien judgment with the district court. By March 20 the county auditor files a publication of legal action and a mailing of notice of action to delinquent parties. Those property interests not responding to this notice have judgment entered for the amount of the delinquency and associated penalties. The amount of the judgment is subject to a variable interest determined annually by the Department of Revenue, and equal to the adjusted prime rate charged by banks but in no event is the rate less than 10% or more than 14%.

Property owners subject to a tax lien judgment generally have three years (3) to redeem the property. After expiration of the redemption period, unredeemed properties are declared tax forfeit with title held in trust by the State of Minnesota for the respective taxing districts. The county auditor, or equivalent thereof, then sells those properties not claimed for a public purpose at auction. The net proceeds of the sale are first dedicated to the satisfaction of outstanding special assessments on the parcel, with any remaining balance in most cases being divided on the following basis: county - 40%; town or city - 20%; and school district - 40%.

Property Tax Credits **(Chapter 273, Minnesota Statutes)**

In addition to adjusting the taxable value for various property types, primary elements of Minnesota's property tax relief system are: property tax levy reduction aids; the homestead credit refund and the renter's property tax refund, which relate property taxes to income and provide relief on a sliding income scale; and targeted tax relief, which is aimed primarily at easing the effect of significant tax increases. The homestead credit refund, the renter's property tax refund, and targeted credits are reimbursed to the taxpayer upon application by the taxpayer. Property tax levy reduction aid includes educational aids, local governmental aid, equalization aid, county program aid and disparity reduction aid.

Debt Limitations

All Minnesota municipalities (counties, cities, towns and school districts) are subject to statutory "net debt" limitations under the provisions of Minnesota Statutes, Section 475.53. Net debt is defined as the amount remaining after deducting from gross debt the amount of current revenues that are applicable within the current fiscal year to the payment of any debt and the aggregate of the principal of the following:

1. Obligations issued for improvements that are payable wholly or partially from the proceeds of special assessments levied upon benefited property.
2. Warrants or orders having no definite or fixed maturity.
3. Obligations payable wholly from the income from revenue producing conveniences.
4. Obligations issued to create or maintain a permanent improvement revolving fund.
5. Obligations issued for the acquisition and betterment of public waterworks systems, and public lighting, heating or power systems, and any combination thereof, or for any other public convenience from which revenue is or may be derived.

6. Certain debt service loans and capital loans made to school districts.
7. Certain obligations to repay loans.
8. Obligations specifically excluded under the provisions of law authorizing their issuance.
9. Certain obligations to pay pension fund liabilities.
10. Debt service funds for the payment of principal and interest on obligations other than those described above.
11. Obligations issued to pay judgments against the municipality.
12. All other obligations which Minnesota Statutes specifically indicate are not to be included in the computation of the net debt of the municipality.

Levies for General Obligation Debt

(Sections 475.61 and 475.74, Minnesota Statutes)

Any municipality that issues general obligation debt must, at the time of issuance, certify levies to the county auditor of the county(ies) within which the municipality is situated. Such levies shall be in an amount that if collected in full will, together with estimates of other revenues pledged for payment of the obligations, produce at least five percent in excess of the amount needed to pay principal and interest when due. Notwithstanding any other limitations upon the ability of a taxing unit to levy taxes, its ability to levy taxes for a deficiency in prior levies for payment of general obligation indebtedness is without limitation as to rate or amount.

Metropolitan Revenue Distribution

(Chapter 473F, Minnesota Statutes) ("Fiscal Disparities Law")

The Charles R. Weaver Metropolitan Revenue Distribution Act, more commonly known as "Fiscal Disparities," was first implemented for taxes payable in 1975. Forty percent of the increase in commercial-industrial (including public utility and railroad) net tax capacity valuation since 1971 in each assessment district in the Minneapolis/St. Paul seven-county metropolitan area (Anoka, Carver, Dakota, excluding the City of Northfield, Hennepin, Ramsey, Scott, excluding the City of New Prague, and Washington Counties) is contributed to an area-wide tax base. A distribution index, based on the factors of population and real property market value per capita, is employed in determining what proportion of the net tax capacity value in the area-wide tax base shall be distributed back to each assessment district.

INDEPENDENT AUDITOR'S REPORT

Honorable Mayor and
Members of the City Council
Annandale, Minnesota

Report on the Audit of the Financial Statements

Opinions

We have audited the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Annandale, Minnesota (the City), as of and for the year ended December 31, 2021, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City, as of December 31, 2021, and the respective changes in financial position, and, where applicable, cash flows thereof and the respective budgetary comparison for the General Fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the City and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the City's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the City's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the required supplementary information, such as management's discussion and analysis and pension liability schedules as listed in the table of contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The supplemental information as listed in the table of contents under supplemental section are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplemental information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Prior Year Comparative Information

We have previously audited the City's 2020 financial statements, and we expressed unmodified audit opinions on the respective financial statements of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information in our report dated June 2, 2021. In our opinion, the partial comparative information presented herein as of and for the year ended December 31, 2020, is consistent, in all material respects, with the audited financial statements from which it has been derived.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated May 20, 2022, on our consideration of the City's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering City's internal control over financial reporting and compliance.

MANAGEMENT'S DISCUSSION AND ANALYSIS

MANAGEMENT'S DISCUSSION AND ANALYSIS

As management of the City of Annandale (the City), we offer readers of the City's financial statements this narrative overview and analysis of the financial activities of the City for the fiscal year ended December 31, 2021.

FINANCIAL HIGHLIGHTS

Key financial highlights for the 2021 fiscal year include the following:

- (1) The assets and deferred outflows of resources of the City exceeded its liabilities and deferred inflows of resources at the close of the most recent fiscal year by \$20,978,709 (net position). Of this amount, \$4,725,172 (unrestricted net position) may be used to meet the government's ongoing obligations to citizens and creditors.
- (2) Capital assets, less depreciation, total \$21,684,785, representing a broad base of city-wide infrastructure.
- (3) As of the close of the current fiscal year, the City's governmental funds reported combined ending fund balances of \$4,485,597. \$3,268,161 of this total amount, over 73%, is available for use within the City's designations.
- (4) At the end of the current fiscal year, unassigned fund balance for the General fund was \$2,189,507, or 101%, of total General fund expenditures.
- (5) The City had a decrease in net position for governmental activities of \$491,449 and an increase of \$2,956,197 for business-type activities during the current fiscal year, with an overall increase of \$2,464,748.

MANAGEMENT'S DISCUSSION AND ANALYSIS
YEAR ENDED DECEMBER 31, 2021

OVERVIEW OF THE FINANCIAL STATEMENTS

This discussion and analysis serves as an introduction to the City's basic financial statements, which consist of three components: 1) government-wide financial statements; 2) fund financial statements; and 3) notes to the financial statements. The report also contains other supplementary information in addition to the basic financial statements.

The financial statements also include notes that explain some of the information in the financial statements and provide more detailed data. The statements are followed by a section of combining and individual fund financial statements and schedules that further explain and support the information in the financial statements. Figure 1 shows how the required parts of the annual report are arranged and relate to one another. In addition to these required elements, we have included a section with combining and individual fund financial statements and schedules that provide details about nonmajor governmental funds, which are added together and presented in single columns in the basic financial statements.

Government-Wide Financial Statements

The government-wide financial statements are designed to provide readers with a broad overview of the City's finances, in a manner similar to a private-sector business.

The *Statement of Net Position* presents information on all of the City's assets and deferred outflows of resources and liabilities and deferred inflows of resources, with the difference reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the City is improving or deteriorating.

CITY OF ANNANDALE, MINNESOTA
MANAGEMENT'S DISCUSSION AND ANALYSIS
YEAR ENDED DECEMBER 31, 2021

The *Statement of Activities* presents information showing how the City's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g. uncollected taxes). The 2021 Statement provides for an increase in net position in the governmental funds and an increase in the business-type activities, additionally the investment in capital assets increased in the governmental activities and decreased in the business-type activities.

Both of the government-wide financial statements distinguish functions of the City that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities). The governmental activities of the City include general government, public safety, public works, parks and recreation, economic development, and interest on long-term debt. The business-type activities of the City include the water, sewer, refuse and storm water utilities.

The government wide financial statements can be found on pages 20 and 21 of this report.

Fund Financial Statements

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All the funds of the City can be divided into two categories: governmental funds and proprietary funds.

Governmental Funds

Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financial requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the City's near-term financial decisions. The Governmental Funds Balance Sheet and Governmental Funds Statement of Revenues, Expenditures, and Changes in Fund Balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The City maintains thirty-one individual governmental funds. Information is presented separately in the Governmental Funds Balance Sheet and in the Governmental Funds Statement of Revenues, Expenditures, and Changes in Fund Balances for the General fund and Debt Service funds. Data from the debt service and other nonmajor governmental funds are combined into a single, aggregated presentations. Individual fund data for each of these debt service and nonmajor governmental funds is provided in the form of combining statements elsewhere in this report.

The City adopts an annual appropriated budget for its General Fund. A budgetary comparison statement has been provided for the General fund to demonstrate compliance with this budget.

The basic governmental funds financial statements can be found on pages 23 - 27 of this report.

Proprietary Funds

The City maintains only one type of Proprietary funds. Enterprise funds are used to report the same functions presented as business-type activities in the governmental-wide financial statements.

Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. The Proprietary funds financial statements provide separate information for the Enterprise funds, all of which are major funds of the City.

The basic Proprietary fund financial statements can be found on pages 28 - 33 of this report.

Notes to the Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The Notes to the Financial Statements can be found on pages 34 - 67 of this report.

Required Supplementary Information

In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information concerning the City's share of net pension liabilities for defined benefits plans and schedules of contributions. Required supplementary information can be found starting on page 69 of this report.

Other Information

The combining statements and schedules referred to earlier in connection with debt service and nonmajor governmental funds are presented following the required supplementary information. Combining and individual fund financial statements and schedules start on page 78 of this report.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. In the case of the City, assets and deferred outflows of resources exceeded liabilities and deferred inflows of resources by \$20,978,709 at the close of the most recent fiscal year.

By far the largest portion of the City's net position reflects its investment in capital assets (e.g. land, buildings, machinery, and equipment) less any related debt used to acquire those assets that is still outstanding. The City uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the City's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

Assets of the governmental activities decreased in 2021 by \$1,319,977. This decrease was predominantly a result of capital assets being transferred to the business-type activities related to infrastructure on a completed construction project. The transferred capital assets were the primary reason total assets increased for the business-type activities of \$1,552,559. The decrease in long-term liabilities of both the governmental activities and business-type activities is associated with scheduled principal payments on long-term debt outstanding as well as a decrease in their net pension liabilities.

A portion of the City's net position represents resources that are subject to external restrictions on how they may be used. The remaining balance of unrestricted net position \$4,725,172 may be used to meet the City's ongoing obligations to citizens and creditors.

At the end of the current fiscal year, the City is able to report positive balances in all three categories of net position for the government activities and the business-type activities.

Net position for the governmental activities decreased \$491,449 in 2021, this was decrease of \$932,752 from the prior year. The majority of the change was due to transfers of capital assets to the business-type activities. Revenues of the governmental activities experienced an increase of \$890,245 related to special assessments and intergovernmental revenue from Federal sources. Business-type net position increased \$2,956,97, which was an increase of \$2,224,389 over the prior year. Increased transfers along with a deficit change in the equity interest of the joint venture resulted in the overall reduced change in net position.

FUND FINANCIAL ANALYSIS

As noted earlier, the City uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental Funds

The focus of the City's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the City's financial requirements. In particular, unreserved fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

At the end of the current fiscal year, the City's governmental funds reported combined ending fund balances of \$4,485,597. The unreserved fund balance constitutes \$3,268,161 of the total combined ending fund balance. The remainder of the fund balance is either not in spendable form or is reserved and is not available for new spending because it has already been committed to debt service payments and special revenue funds and other restrictions in the amount of \$1,217,436.

The General fund is the chief operating fund of the City. At the end of the current year, the fund balance of the General fund was \$2,554,744. As a measure of the General fund's liquidity, it may be useful to compare total fund balance to total expenditures. Total unassigned fund balance represents 101% of total 2021 actual expenditures. The General fund balance increased \$344,135, during the year, primarily due to intergovernmental revenues related to COVID.

The Debt Service fund had a fund balance increase of \$8,206. The fund was established to properly account for the resources necessary to meet debt service requirements.

Proprietary Funds

The City's proprietary funds provide the same type of information found in the government-wide financial statements, but in more detail. Other factors concerning the finance of the fund have already been addressed in the discussion of the City's business-type activities.

The City's Proprietary funds have unrestricted net position as follows:

Water fund	\$	505,498
Sewer fund	\$	970,774
Refuse fund	\$	31,770
Storm water fund	\$	(9,833)

BUDGETARY HIGHLIGHTS

General Fund.

The City increased its general tax levy collectible in 2021 by 4.0% from the 2020 levy. Local government aid from the state has stabilized and with budget surpluses at the state level the last few years it appears that source of revenue is in good shape. There were no budget amendments during the year, and the City budgeted expenditures to exceed revenues by \$38,368.

Revenues were over the budgeted sources by \$426,168, with the following significant variances:

- Intergovernmental revenue of \$206,949
- Charges for services of \$62,026
- Other revenues of \$97,837

CITY OF ANNANDALE, MINNESOTA
MANAGEMENT'S DISCUSSION AND ANALYSIS
YEAR ENDED DECEMBER 31, 2021

Expenditures were over the budgeted appropriations by \$82,665, with the following significant variances:

- General government was over budget by \$38,434
- Public safety was over budget by \$50,449

CAPITAL ASSET AND DEBT ADMINISTRATION

CAPITAL ASSETS

The city continued to invest in capital equipment to provide the best services for its residents. Many donations and grants were obtained to help offset purchase costs. All bonded debt was reduced with annual payments.

The City's investment in capital assets for its governmental and business-type activities as of December 31, 2021, amounts to \$21,684,785 (net of accumulated depreciation). This investment in capital assets includes land, buildings, improvements, machinery and equipment, and infrastructure.

Major capital asset events during the current fiscal year included the following:

- Completion of the 2020 street and utility project
- Design work for the Hemlock project
- 2021 Police cruiser
- 2021 Police truck
- Extraction equipment

LONG-TERM DEBT

At the end of the fiscal year, the City had total long-term debt of \$13,506,092. This consisted of \$5,464,000 for G.O. improvement bonds/notes, \$80,000 for G.O. bonds/certificates, \$745,000 for G.O. tax increment bonds, \$6,404,000 for G.O. revenue bonds, \$700,544 for net pension liability, \$69,193 for compensated absences, and \$43,355 for bond premiums. State statutes limit the amount of general obligation debt a Minnesota city may issue to 3% (percent) of the total estimated market value. More detailed information on the City's long-term debt is presented in the Notes to the Financial Statement.

FACTORS BEARING ON THE CITY'S FUTURE

The economic outlook for Wright County remains stable. The economy around the Annandale area remains strong with continued strong land prices. The tax capacity of the City increased by \$215,696, or 7.9%, between 2020 and 2021. New construction, particularly home construction, contributed to this increase along with an increase in market valuations for residential properties. New construction was stable in 2021, with 13 permits approved for new homes. Initial indications are that tax capacity is expected to remain stable with potential for slight growth going forward. All of these factors were considered in preparing the City's budget for 2021 and will be for the 2022 fiscal year as well.

For the 2021 fiscal year, general fund revenue and expenditure projections remained conservative. The 2021 general fund budget for revenues was \$2,154,631.00 and expenditures was \$2,192,782.77. The 2021 general fund budget includes funding for the following:

- Legislative Functions of the City
- Operational expenses including wages, utilities and supplies for administering the Planning and Zoning, Administration, Public Safety, Police and Fire and Public Works functions of the City
- Capital Expenditure Transfers to cover capital outlay for the Administration, Public Safety and Public Works functions of the City.

The 2021 proprietary fund (water, sewer, refuse and storm water) budget is \$3,096,183 for revenues and \$3,223,025 for expenditures, resulting in a net loss of \$102,233. Reflected in the 2021 budget is a 3% general rate increase in water rates, 2.5% increase in sewer rates and a 0% rate increase in refuse and storm water rates. The 2021 proprietary fund budget includes funding for the following:

- Operational expenses including wages, utilities and supplies related to water, sewer, refuse and storm water services
- Debt service expenses related to water, sewer, refuse and storm water funds

RECONCILIATION OF THE BALANCE SHEET TO THE STATEMENT OF NET POSITION
GOVERNMENTAL FUNDS
December 31, 2021

Total Fund Balances - Governmental Funds \$ 4,485,597

Amounts reported for governmental activities in the Statement of Net Position are different because:

Capital assets used in governmental activities are not financial resources and therefore are not reported as assets in governmental funds.

Cost of capital assets	33,522,170
Less: Accumulated depreciation	(23,176,023)

Long-term liabilities, including compensated absences, are not due and payable in the current period and therefore are not reported as liabilities in the funds.

Bonds payable	(6,289,000)
Discount/Premiums	(43,355)
Compensated absences payable	(69,193)

Long-term receivables will be collected in subsequent years, but are not available soon enough to pay for the current period's expenditures and, therefore, are deferred inflows of resources in the funds.

Delinquent property taxes	11,323
Special assessments	890,935

Net pension liabilities are not recognized under the current financial resource measurement focus and, therefore, have no effect on fund balance

Net pension liability - general employees retirement pension fund	(301,434)
Net pension liability - public employees police and fire pension fund	(230,796)
Net pension asset - volunteer firemen's relief pension fund	769,083

Deferred inflows and outflows of resources related to the pension liabilities are not recognized under the current financial resources measurement focus and, therefore, have no effect on fund balance

Deferred outflows of resources related to pensions	893,143
Deferred inflows of resources related to pensions	(1,264,993)

Governmental funds do not report a liability for accrued interest payable until due and payable.

RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES AND CHANGES
IN FUND BALANCE TO THE STATEMENT OF ACTIVITIES - GOVERNMENTAL FUNDS

For the Year Ended December 31, 2021

Net Change in Fund Balances - Governmental Funds	\$ (30,688)
--	-------------

Amounts reported for governmental activities in the Statement of Activities are different because:

Governmental funds report capital outlays as expenditures. However, in the Statement of Activities the cost of those assets are capitalized and allocated over their estimated useful lives and reported as depreciation expense.

Capital outlay	762,042
Depreciation expense	(600,710)
Assets contributed to business-type activities	(1,852,092)
Loss on disposed asset	5,802

The issuance of long-term debt provides current financial resources to governmental funds, while the repayment of principal of long-term debt consumes the current financial resources. Neither transaction, however, has any effect on net position.

Principal repayments	787,000
----------------------	---------

Interest on long-term debt in the Statement of Activities differs from the amount reported in the governmental funds because interest is recognized as an expenditure in the funds when it is due, and thus requires the use of current financial resources. In the statement of activities, however, interest expense is recognized as the interest accrued, regardless of when it is due.

25,686

Pension expense in the Statement of Activities is recognized as the change in net pension liabilities, including the amortization of layered deferred inflows and deferred outflows of resources of the current and prior periods, this does not require the use of current financial resources, and therefore is not reported in the government funds.

Pension expense	189,080
-----------------	---------

Certain revenues in the Statement of Activities that do not provide current financial resources are not reported as revenues in the funds.

Delinquent property taxes	823
Special assessments	260,725
Accounts receivable	(25,700)

Some expenses in the Statement of Activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds.

Compensated absences	<u>(13,416)</u>

NOTES TO THE BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2021

Note 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Reporting entity

The City of Annandale, Minnesota (the City) operates under the "Optional Plan A" form of government as defined in Minnesota statutes. Under this plan, the government of the City is directed by a City Council composed of an elected Mayor and four elected City Council Members. The City Council exercises legislative authority and determines all matters of policy. The City Council appoints personnel responsible for the proper administration of all affairs relating to the City.

The City has considered all potential units for which it is financially accountable, and other organizations for which the nature and significance of their relationship with the City are such that exclusion would cause the City's financial statements to be misleading or incomplete. The Governmental Accounting Standards Board (GASB) has set forth criteria to be considered in determining financial accountability. These criteria include appointing a voting majority of an organization's governing body, and (1) the ability of the primary government to impose its will on that organization or (2) the potential for the organization to provide specific benefits to or impose specific financial burdens on the primary government. As required by accounting principles generally accepted in the United States of America, these financial statements present the City and its component units, entities for which the City is financially accountable.

Component units for which the City has been determined to be financially accountable can be blended with the primary government or be included as a discrete presentation. Blended component units, although legally separate entities are in substance part of the City's operations and so data from these units are combined with data of the City. Each discretely presented component unit, on the other hand, is reported in a separate column in the financial statements to emphasize it is legally separate from the City. Included in the City's reporting entity, based upon the application of these criteria, are the following blended component units. The blended component units presented have a December 31 year end.

Economic Development Authority. The Economic Development Authority (the EDA) was created pursuant to Minnesota statutes 469.090 through 469.108. The five-member Board of Directors carries out economic and industrial development and redevelopment within the City in accordance with policies established by the City. Separate financial statements are not issued for this component unit.

Housing and Redevelopment Authority. The Annandale House and Redevelopment Authority (the HRA) was created pursuant to Chapter 487 of the Minnesota Session Laws of 1947. The HRA was created by the City to carry out certain redevelopment projects. The governing board is comprised of all five members of the City Council. Separate financial statements are issued for this component unit.

B. Government-wide and fund financial statements

The government-wide financial statements (i.e., the Statement of Net Position and the Statement of Activities) report information on all nonfiduciary activities of the City. *Governmental activities*, which normally are supported by taxes and intergovernmental revenues, are reported separately from *business-type activities*, which rely to a significant extent on fees and charges for support.

The Statement of Activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function or segment. Interest on general long-term debt is considered an indirect expense and is reported separately in the Statement of Activities. *Program revenues* include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues. Internally dedicated revenues are reported as general revenues rather than as program revenues.

Separate financial statements are provided for governmental funds and proprietary funds. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements. Aggregate information for the remaining nonmajor governmental funds is reported in a single column in the fund financial statements.

NOTES TO THE BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2021Note 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – (Continued)**C. Measurement focus, basis of accounting and financial statement presentation**

The government-wide financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*, as are the proprietary fund financial statements and the fiduciary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are *available* when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the City considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Property taxes, franchise taxes, licenses and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. Only the portion of special assessments receivable due within the current fiscal period is susceptible to accrual as revenue of the current period. All other revenue items are considered to be measurable and available only when cash is received by the City.

Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded on the accrual basis when the exchange takes place. On a modified accrual basis, revenue is recorded in the year in which the resources are measurable and become available.

Non-exchange transactions, in which the City receives value without directly giving equal value in return, include property taxes, grants, entitlements, and donations. On an accrual basis, revenue from property taxes is recognized in the year for which the tax is levied. Revenue from grants, entitlements, and donations is recognized in the year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the year when use is first permitted, matching requirements, in which the City must provide local resources to be used for a specified purpose, and expenditure requirements, in which the resources are provided to the City on a reimbursement basis. On a modified accrual basis, revenue from non-exchange transactions must also be available before it can be recognized.

Unearned revenue arises when assets are recognized before revenue recognition criteria have been satisfied. Grants and entitlements received before eligibility requirements are met are also recorded as unearned revenue. On the modified accrual basis, receivables that will not be collected within the available period have also been reported as deferred inflows of resources in the fund financial statements.

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

CITY OF ANNANDALE, MINNESOTA

NOTES TO THE BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2021

Note 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – (Continued)

The City reports the following major governmental funds:

The *General fund* is the City's primary operating fund. It accounts for all financial resources of the City, except those required to be accounted for in another fund.

The *Debt Service fund* accounts for the servicing of general long-term debt not being financed by proprietary funds.

The City reports the following major proprietary funds:

The *Water fund* accounts for the costs associated with the City's water utility system and ensures that user charges are sufficient to meet those costs.

The *Sewer fund* accounts for the costs associated with the City's sewer utility system and ensures that user charges are sufficient to meet those costs.

The *Refuse fund* accounts for the costs associated with refuse collection within the City.

The *Storm Sewer fund* accounts for the costs associated with the City's storm water utility system and ensures that user charges are sufficient to meet those costs.

As a general rule, the effect of interfund activity has been eliminated from government-wide financial statements. Exceptions to this general rule are charges between the City's water and sewer functions and various other functions of the City. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

Amounts reported as *program revenues* include 1) charges to customers or applicants for goods, services, or privileges provided, 2) operating grants and contributions, and 3) capital grants and contributions, including special assessments. Internally dedicated resources are reported as *general revenues* rather than as program revenues. Likewise, general revenues include all taxes.

Proprietary funds distinguish *operating* revenues and expenses from *nonoperating* items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the City enterprise funds are charges to customers for sales and services. Operating expenses for enterprise funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

When both restricted and unrestricted resources are available for use, it is the City's policy to use restricted resources first, then unrestricted resources as they are needed.

Note 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – (Continued)**D. Assets, deferred outflows of resources, liabilities, deferred inflows of resources, and net position/fund balance*****Deposits and investments***

The City's cash and cash equivalents are cash on hand, demand deposits, and short-term investments with original maturities of three months or less from the date of acquisition. Cash balances from all funds are pooled and invested, to the extent available, in certificates of deposit and other authorized investments. Earnings from such investments are allocated based on applicable participation by each of the funds.

The City may also invest idle funds as authorized by Minnesota statutes, as follows:

1. Direct obligations or obligations guaranteed by the United States or its agencies.
2. Shares of investment companies registered under the Federal Investment Company Act of 1940 and received the highest credit rating, rated in one of the two highest rating categories by a statistical rating agency, and have a final maturity of thirteen months or less.
3. General obligations of a state or local government with taxing powers rated "A" or better; revenue obligations rated "AA" or better.
4. General obligations of the Minnesota Housing Finance Agency rated "A" or better.
5. Bankers' acceptances of United States banks eligible for purchase by the Federal Reserve System.
6. Commercial paper issued by United States banks, corporations, or their Canadian subsidiaries, of highest quality category by at least two nationally recognized rating agencies, and maturing in 270 days or less.
7. Repurchase or reverse repurchase agreements and securities lending agreements with financial institutions qualified as a "depository" by the government entity, with banks that are members of the Federal Reserve System with capitalization exceeding \$10,000,000, a primary reporting dealer in U.S. government securities to the Federal Reserve Bank of New York, or certain Minnesota securities broker-dealers.
8. Guaranteed Investment Contracts (GIC's) issued or guaranteed by a United States commercial bank, a domestic branch of a foreign bank, a United States insurance company, or its Canadian subsidiary, whose similar debt obligations were rated in one of the top two rating categories by a nationally recognized rating agency.

Investments are generally stated at fair value, except for investments in certain external investment pools, which are stated at amortized cost. Short-term, highly liquid debt instruments (including commercial paper, bankers' acceptance, and U.S. treasury and agency obligations) purchased with a remaining maturity of one year or less are also reported at amortized cost. Investment income is accrued at the Balance Sheet date.

The City categorizes its fair value measurements within the fair value hierarchy established by accounting principles generally accepted in the United States of America. The fair value hierarchy gives the highest priority to quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). If the inputs used to measure the financial instruments fall within different levels of the hierarchy, the categorization is based on the lowest level input that is significant to the fair value measurement of the instrument. Financial assets and liabilities recorded on the combined statements of financial position are categorized based on the inputs to the valuation techniques as follows:

CITY OF ANNANDALE, MINNESOTA

NOTES TO THE BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2021

Note 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – (Continued)

Level 1 – Financial assets and liabilities are valued using inputs that are unadjusted quoted prices in active markets accessible at the measurement date of identical financial assets and liabilities.

Level 2 – Financial assets and liabilities are valued based on quoted prices for similar assets, or inputs that are observable, either directly or indirectly for substantially the full term through corroboration with observable market data.

Level 3 – Financial assets and liabilities are valued using pricing inputs which are unobservable for the asset, inputs that reflect the reporting entity's own assumptions about the assumptions market participants and would use in pricing the asset.

Debt securities classified in Level 2 of the fair value hierarchy are valued using a matrix pricing technique. Matrix pricing is used to value securities based on the securities' relationship to benchmark quoted prices.

See Note 3 for the City's recurring fair value measurements as of December 31, 2021. The City has adopted a formal investment policy.

Property taxes

The City Council annually adopts a tax levy and certifies it to the County in December for collection in the following year. The County is responsible for collecting all property taxes for the City. These taxes attach an enforceable lien on taxable property within the City on January 1 and are payable by the property owners in two installments. The taxes are collected by the County Treasurer and tax settlements are made to the City during January, June, and December each year.

Taxes payable on homestead property, as defined by Minnesota statutes, were partially reduced by a market value credit aid. The credit is paid to the City by the State in lieu of taxes levied against the homestead property. The State remits this credit in two equal installments in October and December each year.

Delinquent taxes receivable include the past six years' uncollected taxes. Delinquent taxes have been offset by a deferred inflow of resources for delinquent taxes not received within 60 days after year end in the fund financial statements.

Accounts receivable

Accounts receivable include amounts billed for services provided before year end. Unbilled utility enterprise fund receivables are also included for services provided in 2021. The City annually certifies delinquent water and sewer accounts to the County for collection in the following year. Therefore, there has been no allowance for doubtful accounts established.

Notes receivable

Notes receivable represents loans made to various commercial entities throughout the City. An allowance has been established and was determined based on historical bad debt experience related to the nature of the receivable balance.

Special assessments

Special assessments represent the financing for public improvements paid for by benefiting property owners. These assessments are recorded as receivables upon certification to the County. Special assessments are recognized as revenue when they are received in cash or within 60 days after year end. All governmental special assessments receivable are offset by a deferred inflow of resources in the fund financial statements.

CITY OF ANNANDALE, MINNESOTA

NOTES TO THE BASIC FINANCIAL STATEMENTS

DECEMBER 31, 2021

Note 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – (Continued)***Land held for resale***

Land held for resale is carried at the lower of cost or net realizable value.

Inventory and Prepaid items

All inventories are stated at the lower of cost or market on the first-in, first-out (FIFO) method. The costs of governmental fund-type inventories are recorded as expenditures when consumed rather than when purchased. Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items.

Interfund receivables and payables

Activity between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as either “due to/from other funds” (i.e., the current portion of interfund loans) or “advances to/from other funds” (i.e., the non-current portion of interfund loans). Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as “internal balances.”

Advances between funds, as reported in the fund financial statements, are offset by a nonspendable fund balance account in applicable governmental funds to indicate they are not available for appropriation and are not expendable available financial resources.

Capital assets

Capital assets, which include property, plant, equipment, and infrastructure assets (e.g., roads, bridges, sidewalks, and similar items) are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets are defined by the City as assets with an initial, individual cost of more than the thresholds below (amount not rounded) and an estimated useful life in excess of one year. For financial statement purposes only, a capitalization threshold is established for each capital asset category as follows:

Assets	Capitalization Threshold
Land improvements	\$ 10,000
Buildings and improvements	25,000
Infrastructure	100,000
Machinery and equipment	5,000

As the City constructs or acquires capital assets each period, including infrastructure assets, they are capitalized and reported at historical cost. Interest incurred during the construction phase of capital assets of business-type activities is included as part of the capitalized value of the assets constructed. The reported value excludes normal maintenance and repairs which are essentially amounts spent in relation to capital assets that do not increase the capacity or efficiency of the item or extend its useful life beyond the original estimate. In the case of donations, the City values these capital assets at the estimated fair value of the item at the date of its donation.

Property, plant, and equipment of the City, as well as component units, are depreciated using the straight-line method over the following estimated useful lives:

Assets	Useful Lives in Years
Buildings and improvements	15 to 75
Infrastructure	20 to 60
Machinery and equipment	3 to 15

NOTES TO THE BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2021Note 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – (Continued)***Compensated absences***

Vacation benefits are accrued as a liability as the benefits are earned if the employees' rights to receive compensation are attributable to services already rendered and it is probable that the City will compensate the employees for the benefits through paid time-off or some other means. The liability for vacation benefits is recorded as part of long-term obligations. Sick leave benefits are accrued as a liability using the vesting method. The liability includes the employees who are currently eligible to receive termination benefits and those that the City has identified as probable of receiving payment in the future. The amount is based on accumulated sick leave and employee wage rates at year end taking into consideration any limits specified in the City's termination policy. The City records a liability for accumulated unused sick leave for employees that have reached ten years of service by age 50. All compensated absences are accrued when incurred in the government-wide and proprietary fund financial statements. A liability for these amounts is reported in governmental funds only if they have matured, for example, as a result of employee resignations and retirements. The general fund is typically used to liquidate governmental compensated absences payable.

Postemployment benefits other than pensions (OPEB)

Minnesota Statutes require the City to allow retired employees to stay on the health care plan with the retiree responsible to pay the entire premium for continuation coverage. Employees of the City pay health care premiums based on level of coverage, without consideration to age. The City's personnel policy does not provide for any contributions upon employee retirement, thus, the City does not expect any future retirees to elect to continue coverage, and has no experience with past retirees electing coverage. The implicit rate subsidy factor in postemployment health care expenses is considered immaterial, therefore, no liability is accrued for OPEB.

Deferred outflows/inflows of resources

In addition to liabilities, the statement of financial position and fund financial statements will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time.

In addition to assets, the statement of financial position and fund financial statements will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of resources that is applicable to future reporting period(s) and so will not be recognized as an outflow of resources (expense) until that time.

Pensions

For purposes of measuring the net pension liability, deferred outflows/inflows of resources, and pension expense, information about the fiduciary net position of the Public Employees Retirement Association (PERA), Annandale Volunteer Fire Relief Association (VFRA) and additions to/deductions from PERA's fiduciary net position and VFRA's fiduciary net position have been determined on the same basis as they are reported by PERA and VFRA, except that PERA's fiscal year end is June 30. For this purpose, plan contributions are recognized as of employer payroll paid dates and benefit payments and refunds are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

PERA has a special funding situation for their public employees police and fire pension funds. The State of Minnesota contributes \$9 million annually on October 1 until both PEPFP and MSRS State Patrol become 90% funded (on a Market Value of Asset Basis).

Long-term obligations

In the government-wide financial statements and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net position. Bond premiums and discounts are delayed and amortized over the life of the bonds using the straight-line method. Bonds payable are reported net of the applicable bond premium or discount.

NOTES TO THE BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2021

Note 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – (Continued)

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

Net position

In the government-wide financial statements, net position represents the difference between assets and liabilities. Net position is displayed in three components:

- a. Net investment in capital assets - Consists of capital assets, net of accumulated depreciation reduced by any outstanding debt attributable to acquire capital assets.
- b. Restricted net position - Consists of net position balances restricted when there are limitations imposed on their use through external restrictions imposed by creditors, grantors, laws, or regulations of other governments.
- c. Unrestricted net position - All other net position balances that do not meet the definition of “restricted” or “net investment in capital assets”.

Fund balance

In the fund financial statements, fund balance is divided into five classifications based primarily on the extent to which the City is bound to observe constraints imposed upon the use of resources reported in the governmental funds. These classifications are defined as follows:

Nonspendable - Amounts that cannot be spent because they are not in spendable form, such as prepaid items.

Restricted - Amounts related to externally imposed constraints established by creditors, grantors, or contributors; or constraints imposed by state statutory provisions.

Committed - Amounts constrained for specific purposes that are internally imposed by formal action (resolution) of the City Council, which is the City’s highest level of decision-making authority. Committed amounts cannot be used for any other purpose unless the City Council modifies or rescinds the commitment by resolution.

Assigned - Amounts constrained for specific purposes that are internally imposed. In governmental funds other than the General fund, assigned fund balance represents all remaining amounts that are not classified as nonspendable and are neither restricted nor committed. In the General fund, assigned amounts represent intended uses established by the City Council itself or by an official to which the governing body delegates the authority. The City Council has adopted a fund balance policy which delegates the authority to assign amounts for specific purposes to the City Administrator.

Unassigned - The residual classification for the General fund and also negative residual amounts in other funds.

The City considers restricted amounts to be spent first when both restricted and unrestricted fund balance is available. Additionally, the City would first use committed, then assigned, and lastly unassigned amounts of unrestricted fund balance when expenditures are made.

The City has formally adopted a fund balance policy for the General fund. The City’s policy is to maintain a minimum unassigned fund balance of between 40 - 50 percent of budgeted operating expenditures for cash-flow timing needs.

CITY OF ANNANDALE, MINNESOTA

NOTES TO THE BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2021

Note 2 STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

A. Budgetary information

Annual budgets are adopted on a basis consistent with accounting principles generally accepted in the United States of America for the General fund. All annual appropriations lapse at fiscal year-end. The City does not use encumbrance accounting.

On or before July 1 of each year, all departments of the City submit requests for appropriations to the City Administrator so that a budget may be prepared. Before September 15, the proposed budget is presented to the City Council for review. The City Council holds public hearings, and a final budget is prepared and adopted in December.

The appropriated budget is prepared by fund, function, and department. The City's department heads, with the approval of the City Administrator, may make transfers of appropriations within a department. Transfers of appropriations between departments require the approval of the City Council. The legal level of budgetary control is the department level. Budgeted amounts are as originally adopted or as amended by the City Council. There were no budget amendments during the year.

B. Excess of Expenditures over Appropriations

For the year ended December 31, 2021, the General fund had expenditures over appropriations of \$82,665. Excess expenditures over appropriations was funded with additional revenues.

C. Deficit Fund Equity

The following had fund equity deficits at year end:

Fund	Amount
Governmental	
Nonmajor - Special Revenue	
Tax Abatement	\$ 10,895
TIF District No. 15	1,990
Training Center	229,573
Woodlawn Cemetery	58,874
Nonmajor - Capital Projects	
Hemlock Project	499,163
Debt Service	
G.O. Equipment Certificates of 2016A	17,301

The fund deficits are planned to be eliminated with future interfund transfers.

Note 3 DETAILED NOTES ON ALL FUNDS

A. Deposits and investments

Deposits

Custodial credit risk for deposits and investments is the risk that in the event of a bank failure, the City's deposits and investments may not be returned, or the City will not be able to recover collateral securities in the possession of an outside party. In accordance with Minnesota statutes and as authorized by the City Council, the City maintains deposits at those depository banks, all of which are members of the Federal Reserve System.

Minnesota statutes require that all City deposits be protected by insurance, surety bond, or collateral. The market value of collateral pledged must equal 110 percent of the deposits not covered by insurance or bonds.

Authorized collateral in lieu of a corporate surety bond includes:

- United States government Treasury bills, Treasury notes, Treasury bonds;
- Issues of United States government agencies and instrumentalities as quoted by a recognized industry quotation service available to the government entity;
- General obligation securities of any state or local government with taxing powers which is rated "A" or better by a national bond rating service, or revenue obligation securities of any state or local government with taxing powers which is rated "AA" or better by a national bond rating service;
- General obligation securities of a local government with taxing powers may be pledged as collateral against funds deposited by that same local government entity;
- Irrevocable standby letters of credit issued by Federal Home Loan Banks to a municipality accompanied by written evidence that the bank's public debt is rated "AA" or better by Moody's Investors Service, Inc., or Standard & Poor's Corporation; and
- Time deposits that are fully insured by any federal agency

Minnesota statutes require that all collateral shall be placed in safekeeping in a restricted account at a Federal Reserve Bank, or in an account at a trust department of a commercial bank or other financial institution that is not owned or controlled by the financial institution furnishing the collateral. The selection should be approved by the government entity.

On December 31, 2021, the carrying amount of deposits was \$2,232,564 and the bank balance was \$2,282,298. Of the bank balance, \$500,000 was covered by federal depository insurance. The remaining balance was covered by collateral held by the City's agent in the City's name.

Investments

Investments are subject to various risks, the following of which are considered the most significant:

Custodial Credit Risk – For investments, this is the risk that in the event of a failure of the counterparty to an investment transaction (typically a broker-dealer) the City would not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. Investments in investment pools and money markets are not evidenced by securities that exist in physical or book entry form and, therefore, are not subject to custodial credit risk disclosures. Although the City’s investment policies do not directly address custodial credit risk, it typically limits its exposure by purchasing insured or registered investments, or by the control of who holds the securities.

Credit Risk – This is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. Minnesota Statute 118A.07 limits the City’s investments.

Concentration Risk – This is the risk associated with investing a significant portion of the City’s investments (considered 5 percent or more) in the securities of a single issuer, excluding U.S. guaranteed investments (such as treasuries), investment pools, and mutual funds. The City’s investment policies do not address concentration risk.

Interest Rate Risk – This is the risk of potential variability in the fair value of fixed rate investments resulting from changes in interest rates (the longer the period for which an interest rate is fixed, the greater the risk). The City’s investment policies do not limit the maturities of investments; however, when purchasing investments, the City considers such things as interest rates and cash flow needs.

Note 3 DETAILED NOTES ON ALL FUNDS – (Continued)

As of December 31, 2021, the City had the following investments that are insured or registered, or securities held by the City's agent in the City's name:

Deposit/Investments	Credit Risk		Fair Value Measurements Using	Interest Risk - Maturity Duration in Years		Total
	Rating	Agency		Less Than 1	1 to 5

Nonpooled investments						
Non-negotiable certificates of deposit	N/R	N/R	Level 2	251,001	-	251,001
Total investments						\$ 2,006,014

The City's investment in certain money market funds are measured at the net asset value (NAV) per share provided by the pool, which approximates fair value in accordance with Rule 2a-7 of the Investment Company Act of 1940. The NAV method of valuation values a security at its cost on the date of purchase and thereafter assumes a constant amortization to maturity of any discount or premium, regardless of the impact of fluctuating interest rates on the market value of the investments. For U.S. Government money market investments valued at the NAV, there are no unfunded commitments, redemption frequency is daily, and there is no redemption notice. For 4M Fund investments valued at the NAV, there are no unfunded commitments, redemption frequency is daily, and there is no redemption notice for the Liquid Class; the redemption notice period is 14 days for the MAX Class.

A reconciliation of cash and investment as shown on the Statement of Net Position for the City is as follows:

NOTES TO THE BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2021Note 3 DETAILED NOTES ON ALL FUNDS – (Continued)**B. Receivables**

Taxes receivables as of the year-end for the City are reported on the Statement of Net Position. There are no estimates for allowances for uncollectible property tax and special assessment receivables.

Intergovernmental receivables on the statement of net position consist of the following:

Nature of Receivable	Receivable Balance	Allowance for Uncollectibles	Total
Charges for services	\$ 5,252	\$ -	\$ 5,252
Coop dividend	59	-	59
Rental fees	262	-	262

Total	<u>\$ 6,912</u>	<u>\$ -</u>	<u>\$ 6,912</u>

The City, through an award from Minnesota Department of Economic Development, has established a revolving loan program. Revolving loans were made to various commercial entities to assist with canopy removal and storefront façade improvements in 2021. These notes all carry an interest rate of 2% and are collectible in monthly installments with varying maturities. There is no collateral securing these notes and no allowance has been established. The allowance was determined based on historical bad debt experience related to the nature of the receivable balance. The balance of these notes on the Statement of Net Position are \$35,575.

The City also received an award from the Minnesota Investment Fund to provide a partially forgivable note to a local business to assist with a facility expansion and to create or retain full-time employees. This note carries an interest rate of 0% and is collectible in monthly installments maturing in 2028. There is no collateral securing these notes and no allowance has been established. The allowance was determined based on historical bad debt experience related to the nature of the receivable balance. The balance of these notes on the Statement of Net Position are \$68,571.

Governmental funds report *deferred inflows of resources* in connection with receivables for revenues that are not considered to be available to liquidate liabilities of the current period. Governmental funds also defer revenue recognition in connection with resources that have been received, but not yet earned. At the end of the current fiscal year, the various components of *deferred inflows* and *unearned revenue* reported in the governmental funds were as follows:

	Unavailable	Unearned
Special assessments not yet due	\$ 888,333	\$ -
Delinquent special assessments	2,602	-

Note 4 DEFINED BENEFIT PENSION PLANS – STATEWIDE

PUBLIC EMPLOYEES' RETIREMENT ASSOCIATION

A. Plan Description

The City participates in the following cost-sharing multiple-employer defined benefit pension plans administered by the Public Employees Retirement Association of Minnesota (PERA). PERA's defined benefit pension plans are established and administered in accordance with *Minnesota Statutes*, Chapters 353 and 356. PERA's defined benefit pension plans are tax qualified plans under Section 401(a) of the Internal Revenue Code.

General Employees Retirement Plan (GERP)

All full-time and certain part-time employees of the City are covered by the General Employees Plan. General Employees Plan members belong to the Coordinated Plan. Coordinated Plan members are covered by Social Security.

Public Employees Police and Fire Fund (PEFPF)

The Police and Fire Plan, originally established for police officers and firefighters not covered by a local relief association, now covers all police officers and firefighters hired since 1980. Effective July 1, 1999, the Police and Fire Plan also covers police officers and firefighters belonging to local relief associations that elected to merge with and transfer assets and administration to PERA.

B. Benefits Provided

PERA provides retirement, disability, and death benefits. Benefit provisions are established by state statute and can only be modified by the state Legislature. Vested Terminated employees who are entitled to benefits, but are not receiving them yet, are bound by the provisions in effect at the time they last terminated their public service.

GERP Benefits

General Employees Plan benefits are based on a member's highest average salary for any five successive years of allowable service, age, and years of credit at termination of service. Two methods are used to compute benefits for PERA's Coordinated Plan members. Members hired prior to July 1, 1989, receive the higher of Method 1 or Method 2 formulas. Only Method 2 is used for members hired after June 30, 1989. Under Method 1, the accrual rate for Coordinated members is 1.2% for each of the first 10 years of service and 1.7% for each additional year. The rates are 2.2% and 2.7%, respectively, for Basic members. Under Method 2, the accrual rate for Coordinated members is 1.7% for all members. For members hired prior to July 1, 1989, a full annuity is available when age plus years of service equal 90 and normal retirement age is 65. For members hired on or after July 1, 1989, normal retirement age is the age for unreduced Social Security benefits capped at 66.

Benefit increases are provided to benefit recipients each January. The postretirement increase is equal to 50 percent of the cost-of-living adjustment (COLA) announced by the SSA, with a minimum increase of at least 1 percent and a maximum of 1.5 percent. Recipients that have been receiving the annuity or benefit for at least a full year as of the June 30 before the effective date of the increase will receive the full increase. Recipients receiving the annuity or benefit for at least one month but less than a full year as of the June 30 before the effective date of the increase will receive a reduced prorated increase. For members retiring on January 1, 2024, or later, the increase will be delayed until normal retirement age (age 65 if hired prior to July 1, 1989, or age 66 for individuals hired on or after July 1, 1989). Members retiring under Rule of 90 are exempt from the delay to normal retirement.

PEFPF Benefits

Benefits for Police and Fire Plan members first hired after June 30, 2010, but before July 1, 2014, vest on a prorated basis from 50 percent after five years up to 100 percent after ten years of credited service. Benefits for Police and Fire Plan members first hired after June 30, 2014, vest on a prorated basis from 50 percent after ten years up to 100 percent after twenty years of credited service. The annuity accrual rate is 3 percent of average salary for each year of service. For Police and Fire Plan members who were first hired prior to July 1, 1989, a full annuity is available when age plus years of service equal at least 90.

CITY OF ANNANDALE, MINNESOTA

NOTES TO THE BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2021

Note 4 DEFINED BENEFIT PENSION PLANS – (Continued)

Benefit increases are provided to benefit recipients each January. The postretirement increase is fixed at 1 percent. Recipients that have been receiving the annuity or benefit for at least 36 months as of the June 30 before the effective date of the increase will receive the full increase. Recipients receiving the annuity or benefit for at least 25 months but less than 36 months as of the June 30 before the effective date of the increase will receive a reduced prorated increase.

C. Contributions

Minnesota Statutes Chapter 353 sets the rates for employer and employee contributions. Contribution rates can only be modified by the state legislature.

GERP Contributions

Coordinated Plan members were required to contribute 6.50 percent of their annual covered salary in fiscal year 2021; the City was required to contribute 7.50 percent for Coordinated Plan members. The City's contributions to the General Employees Fund for the year ended December 31, 2021, were \$63,240. The City's contributions were equal to the required contributions as set by state statute.

PEPFP Contributions

Police and Fire Plan members were required to contribute 11.80 percent of their annual covered salary in fiscal year 2021 and the City was required to contribute 17.70 percent for Police and Fire Plan members. The City's contributions to the Police and Fire Fund for the year ended December 31, 2021, were \$68,591. The City's contributions were equal to the required contributions as set by state statute.

D. Pension Costs

GERP Pension Costs

On December 31, 2021, the City reported a liability of \$469,748 for its proportionate share of the GERP's net pension liability. The City's net pension liability reflected a reduction due to the State of Minnesota's contribution of \$16 million to the fund in 2021. The State of Minnesota is considered a non-employer contributing entity and the state's contribution meets the definition of a special funding situation. The State of Minnesota's proportionate share of the net pension liability associated with the City totaled \$14,300.

The net pension liability was measured as of June 30, 2021, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The City's proportion of the net pension liability was based on the City's contributions received by PERA during the measurement period for employer payroll paid dates from July 1, 2020, through June 30, 2021, relative to the total employer contributions received from all of PERA's participating employers. On June 30, 2021, the City's proportion was 0.0110% which was an increase of 0.0005% from its proportion measured as of June 30, 2020. For the year ended December 31, 2021, the City recognized pension expense of \$(43,529) for its proportionate share of GERP's pension expense. In addition, the City recognized an additional \$1,154 as pension expense (and grant revenue) for its proportionate share of the State of Minnesota's contribution of \$16 million to the General Employees Fund.

CITY OF ANNANDALE, MINNESOTA

Note 4 DEFINED BENEFIT PENSION PLANS – (Continued)

On December 31, 2021, the City reported its proportionate share of GERP's deferred outflows of resources and deferred inflows of resources from the following sources:

Description	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual economic experience	\$ 3,028	\$ 14,191
Differences between projected and actual investment earnings	50,781	449,000
Changes in actuarial assumptions	285,796	8,527
Changes in proportion	40,331	-
City's contributions subsequent to the measurement date	33,979	-
Total	<u>\$ 413,915</u>	<u>\$ 471,718</u>

\$33,979 reported as deferred outflows of resources related to pensions resulting from City contributions to GERP subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended December 31, 2022. Other amounts reported as deferred outflows and inflows of resources related to GERP pensions will be recognized in pension expense as follows:

Year Ending December 31,	Pension Expense Amount
2022	\$ 4,821
2023	9,435
2024	4,530
2025	(110,568)
2026	-
Thereafter	-

PEPFP Pension Costs

On December 31, 2021, the City reported a liability of \$230,796 for its proportionate share of the Police and Fire Fund's net pension liability. The net pension liability was measured as of June 30, 2021, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The City's proportionate share of the net pension liability was based on the City's contributions received by PERA during the measurement period for employer payroll paid dates from July 1, 2020, through June 30, 2021, relative to the total employer contributions received from all of PERA's participating employers. On June 30, 2021, the City's proportion was 0.0299% which was a decrease of 0.0023% from its proportion measured as of June 30, 2020.

The State of Minnesota contributed \$18 million to the Police and Fire Fund in the plan fiscal year ended June 30, 2021. The contribution consisted of \$9 million in direct state aid that does meet the definition of a special funding situation and \$9 million in supplemental state aid that does not meet the definition of a special funding situation. The \$9 million direct state was paid on October 1, 2020. Thereafter, by October 1 of each year, the state will pay \$9 million to the Police and Fire Fund until full funding is reached or July 1, 2048, whichever is earlier. The \$9 million in supplemental state aid will continue until the fund is 90 percent funded, or until the State Patrol Plan (administered by the Minnesota State Retirement System) is 90 percent funded, whichever occurs later. Strong asset returns for the fiscal year ended 2021 will accelerate the phasing out of these state contributions, although we do not anticipate them to be phased out during the fiscal year ending 2022.

CITY OF ANNANDALE, MINNESOTA

NOTES TO THE BASIC FINANCIAL STATEMENTS

Note 4 DEFINED BENEFIT PENSION PLANS – (Continued)

The State of Minnesota is included as a non-employer contributing entity in the Police and Fire Retirement Plan Schedule of Employer Allocations and Schedule of Pension Amounts by Employer, Current Reporting Period Only (pension allocation schedules) for the \$9 million in direct state aid. Police and Fire Plan employers need to recognize their proportionate share of the State of Minnesota's pension expense (and grant revenue) under GASB 68 special funding situation accounting and financial reporting requirements. For the year ended June 30, 2021, the City recognized pension expense of \$(101,857) for its proportionate share of the Police and Fire Plan's pension expense. The City recognized \$1,887 as grant revenue for its proportionate share of the State of Minnesota's pension expense for the contribution of \$9 million to the Police and Fire Fund.

The State of Minnesota is not included as a non-employer contributing entity in the Police and Fire Pension Plan pension allocation schedules for the \$9 million in supplemental state aid. The City recognized \$2,691 for the year ended December 31, 2021, as revenue and an offsetting reduction of net pension liability for its proportionate share of the State of Minnesota's on-behalf contributions to the Police and Fire Fund.

On December 31, 2021, the City reported its proportionate share of the PEPFP's deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

Description	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual economic experience	\$ 45,147	\$ 489
Differences between projected and actual investment earnings	57,229	497,064
Changes in actuarial assumptions	335,801	145,338

City's contributions subsequent to the measurement date	35,448	-
Total	<u>\$ 487,303</u>	<u>\$ 696,871</u>

\$35,448 reported as deferred outflows of resources related to pensions resulting from City's contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended December 31, 2022. Other amounts reported as deferred outflows and inflows of resources related to pensions will be recognized in pension expense as follows:

Year Ending December 31,	Pension Expense Amount
2022	\$ (174,478)

E. Actuarial Assumptions

GERP and PEPFP

The total pension liability in the June 30, 2021, actuarial valuation was determined using the following actuarial assumptions:

Key Methods and Assumptions Used in Valuation of Total Pension Liability

Actuarial Information:

Measurement Date	June 30, 2021
Valuation Date	July 1, 2021
Actuarial Cost Method	Entry Age Normal

Actuarial Assumption:

Investment Rate of Return	6.50%
Inflation	2.25% per year
Projected Salary Increase	3.00% after 26 years of service

Mortality rates for the General Employees Plan are based on the Pub-2010 General Employee Mortality Table. Mortality rates for the Police and Fire Plan and the Correctional Plans are based on the Pub-2010 Public Safety Employee Mortality tables. The tables are adjusted slightly to fit PERA's experience.

Actuarial assumptions for the General Employees Plan are reviewed every four years. The most recent four-year experience study for the General Employees Plan was completed in 2019. The assumption changes were adopted by the Board and became effective with the July 1, 2020, actuarial valuation. The most recent four-year experience studies for the Police and Fire and the Correctional Plan were completed in 2020 were adopted by the Board and became effective with the July 1, 2021, actuarial valuation.

The following changes in actuarial assumptions occurred in 2021:

General Employees Fund

Changes in Actuarial Assumptions:

- The investment return and single discount rates were changed from 7.50 percent to 6.50 percent, for financial reporting purposes.
- The mortality improvement scale was changed from Scale MP-2019 to Scale MP-2020.

Changes in Plan Provisions:

- There were no changes in plan provisions since the previous valuation.

Police and Fire Fund

Changes in Actuarial Assumptions:

- The investment return and single discount rates were changed from 7.50 percent to 6.50 percent, for financial reporting purposes.
- The inflation assumption was changed from 2.50 percent to 2.25 percent.
- The payroll growth assumption was changed from 3.25 percent to 3.00 percent.
- The base mortality table for healthy annuitants and employees was changed from the RP-2014 table to the Pub-2010 Public Safety Mortality table. The mortality improvement scale was changed from MP-2019 to MN-2020.

CITY OF ANNANDALE, MINNESOTA

NOTES TO THE BASIC FINANCIAL STATEMENTS

DECEMBER 31, 2021

Note 4 DEFINED BENEFIT PENSION PLANS – (Continued)

- The base mortality table for disabled annuitants was changed from the RP-2014 healthy annuitant mortality table (with future mortality improvement according to Scale MP-2019) to the Pub-2010 Public Safety disabled annuitant mortality table (with future mortality improvement according to Scale MP-2020).
- Assumed rates of salary increase were modified as recommended in the July 14, 2020, experience study. The overall impact is a decrease in gross salary increase rates.
- Assumed rates of retirement were changed as recommended in the July 14, 2020, experience study. The changes result in slightly more unreduced retirements and fewer assumed early retirements.
- Assumed rates of withdrawal were changed from select and ultimate rates to service-based rates. The changes result in more assumed terminations.
- Assumed rates of disability were increased for ages 25-44 and decreased for ages over 49. Overall, proposed rates result in more projected disabilities.
- Assumed percent married for active female members was changed from 60 percent to 70 percent. Minor changes to form of payment assumptions were applied.

Changes in Plan Provisions:

- There were no changes in plan provisions since the previous valuation.

The State Board of Investment, which manages the investments of PERA, prepares an analysis of the reasonableness on a regular basis of the long-term expected rate of return using a building-block method in which best-estimate ranges of expected future rates of return are developed for each major asset class. These ranges are combined to produce an expected long-term rate of return by weighting the expected future rates of return by the target asset allocation percentages. The target allocation and best estimates of geometric real rates of return for each major asset class are summarized in the following table:

<u>Asset Class</u>	<u>Target Allocation</u>	<u>Long-Term Expected Real Rate of Return</u>
Domestic Stocks	34%	5.10%
International Stocks	17%	5.30%
Bonds	25%	0.75%
Alternative Assets	25%	5.90%

F. Discount Rate*GERP and PEPFP*

The discount rate used to measure the total pension liability in 2021 was 6.50. The projection of cash flows used to determine the discount rate assumed that contributions from plan members and employers will be made at rates set in Minnesota Statutes. Based on these assumptions, the fiduciary net position of the General Employees Fund was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

The following presents the City's proportionate share of the net pension liability for all plans it participates in, calculated using the discount rate disclosed in the preceding paragraph, as well as what the City's proportionate share of the net pension liability would be if it were calculated using a discount rate 1 percentage point lower or 1 percentage point higher than the current discount rate:

Plan	City's proportionate share of NPL			
	Rate	1 % Decrease 5.50%	Current 6.50%	1 % Increase 7.50%
City's proportionate share of the GERP net pension liability:		\$ 958,049	\$ 469,748	\$ 69,070
City's proportionate share of the PEPFP net pension liability:		\$ 732,739	\$ 230,796	\$ (180,673)

H. Pension Plan Fiduciary Net Position

Detailed information about each defined benefit pension plan's fiduciary net position is available in a separately issued PERA financial report. That report may be obtained on the Internet at www.mnpera.org; by writing to PERA at 60 Empire Drive #200, St. Paul, Minnesota, 55103-2088; or by calling (651) 296-7460 or 1-800-652-9026.

VOLUNTEER FIRE RELIEF ASSOCIATION**A. Plan Description**

All active or probationary members of the Annandale Fire Department (the Department) are covered by a Defined Benefit Plan (the Plan) administered by the Annandale Fire Relief Association (the Association). The Plan is a single employer retirement plan and is established and administered in accordance with Minnesota statute, chapter 69.

The Association issues a publicly available financial report. The report may be obtained by writing to Annandale Fire Relief Association, P.O. Box K Annandale, Minnesota 55302.

The Association maintains a separate Special fund to accumulate assets to fund the retirement benefits earned by the Department's membership. Funding for the Association is derived from an insurance premium tax in accordance with the Volunteer Fire Relief Association Financing Guidelines Act of 1971 (chapter 261 as amended by chapter 509 of Minnesota statutes 1980). Funds are also derived from investment income.

If a member is terminated prior to age 50 with at least 5 years of service, a deferred lump sum pension payable will be established based on the lump sum pension formula and service at date of termination, reduced for less than 20 years of service. For members that terminate with at least 5 years of service, the Association will pay interest on the deferred service pensions during the period of deferral at the rate established by the Board of Trustees based on date of termination. If a member dies before payment, the benefit will be paid to the participant's beneficiary.

The disability lump sum pension is payable immediately based on the lump sum pension formula and service at date of disability without regard to vesting.

A survivor benefit is paid based on years of service (not less than 5 years) times the lump sum rate in effect at the time of death without regard to vesting, payable to named beneficiary plus a Supplemental Benefit in the amount of 20% of the total benefit paid, but not more than \$2,000.

Note 4 DEFINED BENEFIT PENSION PLANS – (Continued)

Summary of Participant Data	
Active members	26
Inactive members entitled to future benefits	16
Inactive members or beneficiaries currently receiving benefits	0
Total number of participants	40

B. Benefits Provided

Benefits are provided to Fire Department members who reach the age of 50 or have 20 years of service. The benefit upon retirement is a lump sum payment of \$2,800 (effective January 1, 2020) per year of service plus a Supplemental Benefit of 10% of the regular lump sum distribution, but not more than \$1,000. If a member is both age 50 and has completed 5 years of service, but not 20 years of service, the lump sum pension will be reduced by 4% for each year of service less than 20 years.

C. Contributions

The pension plan is funded by fire state aid, investment earnings and, if necessary, employer contributions as specified in Minnesota Statutes, and voluntary City contributions. The State of Minnesota contributed \$56,319 in fire state aid to the plan for the year ended December 31, 2021. Required employer contributions are calculated annually based on statutory provisions. There were no statutorily required contributions to the pension plan for the year ended December 31, 2021. In addition, the City made voluntary contributions of \$3,000 to the plan.

D. Pension Costs

On December 31, 2020, the Association reported an asset of \$769,083. The net pension asset was measured as of December 31, 2020, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date.

E. Actuarial Assumptions

The total pension liability in the December 31, 2020, actuarial valuation was determined using the following actuarial assumptions:

Key Methods and Assumptions Used in Valuation of Total Pension Liability**Actuarial Information:**

Measurement Date	December 31, 2020
Valuation Date	December 31, 2020
Actuarial Cost Method	Entry Age Normal

Actuarial Assumption:

Investment Rate of Return	5.75%
Inflation	2.25% per year
Lump Sum Benefit Increase	N/A*

* GASB rules require that accrued liabilities be based on the terms of the plan in effect on the measurement date. Therefore, the actuary has not reflected any future lump sum multiplier increases even though the Relief Association may have a history of regular benefit increases. Potential increases are contingent on future benefit agreements and statutory average available financing requirements. Any future increases will be reflected at the time they are approved.

Mortality rates for active members, retirees, survivors, and disabilitants were based on RP-2014 tables for males or females, as appropriate, with slight adjustments as follows:

Active: RP-2014 employee generational mortality table projected with mortality improvement scale MP-2019, from a base year of 2006.

Retirees: RP-2014 annuitant generational mortality table projected with mortality improvement scale MP-2019 from a base year of 2006. Male rates are adjusted by a factor of 0.96.

Disabled: RP-2014 annuitant generational mortality table projected with mortality improvement scale MP2019 from a base year of 2006. Male rates are adjusted by a factor of 0.96.

Actuarial assumptions used in the December 31, 2020, valuation were based on the most recent Minnesota PERA Police & Fire Plan actuarial valuation performed on July 1, 2020.

CITY OF ANNANDALE, MINNESOTA

NOTES TO THE BASIC FINANCIAL STATEMENTS

DECEMBER 31, 2021

Note 4 DEFINED BENEFIT PENSION PLANS – (Continued)

The following changes in actuarial assumptions occurred in 2020:

- The mortality assumptions were updated from the rates used in the July 1, 2018, Minnesota PERA Police & Fire Plan actuarial valuation to the rates used in the July 1, 2020, Minnesota PERA Police & Fire Plan actuarial valuation.
- The inflation assumption decreased from 2.50% to 2.25%.

The long-term expected rate of return on pension plan investments is 5.75%. The actuary used a building-block method in which best-estimate ranges of expected future rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These asset class estimates are combined to produce the portfolio long-term expected rate of return by weighting the expected future real rates of return by the current asset allocation percentage (or target allocation, if available) and by adding expected inflation (2.50%). All results are then rounded to the nearest quarter percentage point.

The best estimates of expected future real rates of return were developed by aggregating data from several published capital market assumption surveys and deriving a single best estimate based on the average survey values. These capital market assumptions reflect both historical market experience as well as diverse views regarding anticipated future returns. The expected inflation assumption was developed based on an analysis of historical experience blended with forward looking expectations available in the market data.

Best estimates of geometric real and nominal rates of return for each major asset class included in the pension plan's assets allocation as of the measurement date are summarized in the following table:

Asset Class	Allocation at Measurement Date	Long-Term Expected Real Rate of Return	Long-Term Expected Nominal Rate of Return
Domestic Equity	20.0%	4.90%	7.15%
International Equity	10.0%	5.32%	7.57%
Fixed Income	20.0%	1.40%	3.65%
Real estate and alternative	5.0%	4.43%	6.68%
Cash and equivalents	5.0%	0.09%	2.34%
Total	100.00%		6.55%
Reduced for assumed investment expense			(0.80%)
Net assumed investment return			5.75%

F. Discount Rate

The discount rate used to measure the total pension liability was 5.75%. The liability discount rate was developed using the alternative method described in paragraph 43 of GASB 67, which states that "if the evaluations required by paragraph 41 can be made with sufficient reliability without a separate projection of cash flows into and out of the pension plan, alternative methods may be applied in make the evaluation." The actuary believes that the plan's current overfunded status, combined with statutory funding requirements, provide sufficient reliability that projected plan assets will be adequate to pay future retiree benefits. Therefore, they have used the plan's long-term expected investment return as the liability discount rate.

DECEMBER 31, 2021Note 4 DEFINED BENEFIT PENSION PLANS – (Continued)**G. Pension Liability Sensitivity**

The following presents the Association's net pension liability for plans it participates in, calculated using the discount rate disclosed in the preceding paragraphs, as well as what the Association's net pension liability would be if it were calculated using a discount rate 1 percentage point lower or 1 percentage point higher than the current discount rate:

Association's Net Pension Asset		
1 Percent Decrease	Current	1 Percent Increase
4.75%	5.75%	6.75%
\$ 745,863	\$ 769,083	\$ 791,250

H. Pension Plan Fiduciary Net Position

Detailed information about the relief association's defined benefit pension plan's fiduciary net position is available in a separately issued financial report. That report may be obtained by writing to the City of Annandale at P.O. Box K Annandale, Minnesota, 55302.

Note 5 OTHER INFORMATION**A. Risk management**

The City is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; injuries to employees; and natural disasters for which the City carries insurance. The City obtains insurance through participation in the League of Minnesota Cities Insurance Trust (LMCIT), which is a risk sharing pool with approximately 800 other governmental units. The City pays an annual premium to LMCIT for its workers compensation and property and casualty insurance. The LMCIT is self-sustaining through member premiums and will reinsure for claims above a prescribed dollar amount for each insurance event. Settled claims have not exceeded the City's coverage in any of the past three fiscal years.

Liabilities are reported when it is probable that a loss has occurred, and the amount of the loss can be reasonably estimated. Liabilities, if any, include an amount for claims that have been incurred but not reported (IBNRs). The City's management is not aware of any incurred but not reported claims.

B. Legal debt margin

In accordance with Minnesota statutes, the City may not incur or be subject to net debt in excess of 3 percent of the market value of taxable property within the City. Net debt is payable solely from ad valorem taxes and therefore excludes debt financed partially or entirely by special assessments, enterprise fund revenues, or tax increments. The City has \$80,000 of debt outstanding subjected to this limit on December 31, 2021.

C. Tax increment districts

The City's tax increment districts are subject to review by the State of Minnesota Office of the State Auditor (OSA). Any disallowed claims or misuse of tax increments could become a liability of the applicable fund. Management has indicated that they are not aware of any instances of noncompliance, which would have a material effect on the financial statements.

Note 5 OTHER INFORMATION – (Continued)

D. Concentrations

The City receives a significant amount of its annual General fund revenues from the State of Minnesota from the Local Government Aid (LGA). The amount received in 2021 was \$527,753 for LGA. This accounted for 19 percent of General fund revenues.

E. Joint ventures

In September 2003, the City entered into a joint powers agreement with the City of Maple Lake to establish the Annandale-Maple Lake Wastewater Commission (the "Commission"). The purpose of the Commission is to make available wastewater treatment within the present and future boundaries of the Cities, and to serve such other areas as the Commission approves. As part of the joint venture, the City of Annandale agrees to fund the Debt Service and Operating Funds of the Commission according to terms of the agreement. The agreement states a City may terminate the agreement by written notice to the other City. In such event, the City of Annandale shall pay 60% of all costs incurred, except each City shall pay its own attorney's fee. In 2008, both Cities approved amending the joint powers agreement to include the City of Howard Lake, effective January 1, 2009. Each City will then have a one-third equity interest in the Commission. Because there is an explicit measurable equity interest in the joint venture, the interest is reported in the government-wide financial statements, as well as in the Sewer Fund.

F. Subsequent events

On April 15, 2022, the City issued G.O. equipment certificate of 2022A, in the amount of \$617,000 at a stated interest rate of 2.25%. The certificate matures in 9 years.

Note 6 PUBLIC EMPLOYEES DEFERRED COMPENSATION PLAN

The City participates in the Deferred Compensation Plan, a voluntary savings plan administered by Aspire Financial Services LLC for eligible employees. The Deferred Compensation Plan is a tax qualified plan under Section 457 of the Internal Revenue Code and all contributions by or on behalf of employees are tax deferred until time of withdrawal.

Plan benefits depend solely on amounts contributed to the plan plus investment earnings, less administrative expenses. *Minnesota Statutes*, Chapter 352.965, established the Deferred Compensation Plan. An eligible employee who decides to participate contributes a minimum of one percent of salary. Total contributions made by the City during fiscal year 2021 was \$18,306.

NOTES TO THE REQUIRED SUPPLEMENTAL INFORMATION
December 31, 2021

Note 1 CHANGE IN ACTUARIAL ASSUMPTIONS AND PLAN PROVISIONS

A. Public Employees Retirement Association – General Employees Retirement Fund

2021 changes:

Changes in Actuarial Assumptions. The investment return and single discount rates were changed from 7.50 percent to 6.50 percent, for financial reporting purposes. The mortality improvement scale was changed from Scale MP-2019 to Scale MP-2020.

Changes in Plan Provisions. There were no changes in plan provisions since the previous valuation.

2020 changes:

Changes in Actuarial Assumptions. The price inflation assumption was decreased from 2.50% to 2.25%. The payroll growth assumption was decreased from 3.25% to 3.00%. Assumed salary increase rates were changed as recommended in the June 30, 2019 experience study. The net effect is assumed rates that average 0.25% less than previous rates. Assumed rates of retirement were changed as recommended in the June 30, 2019 experience study. The changes result in more unreduced (normal) retirements and slightly fewer Rule of 90 and early retirements. Assumed rates of termination were changed as recommended in the June 30, 2019 experience study. The new rates are based on service and are generally lower than the previous rates for years 2-5 and slightly higher thereafter. Assumed rates of disability were changed as recommended in the June 30, 2019 experience study. The change results in fewer predicted disability retirements for males and females. The base mortality table for healthy annuitants and employees was changed from the RP-2014 table to the Pub-2010 General Mortality table, with adjustments. The base mortality table for disabled annuitants was changed from the RP-2014 disabled annuitant mortality table to the PUB-2010 General/Teacher disabled annuitant mortality table, with adjustments. The mortality improvement scale was changed from Scale MP-2018 to Scale MP-2019. The assumed spouse age difference was changed from two years older for females to one year older. The assumed number of married male new retirees electing the 100% Joint & Survivor option changed from 35% to 45%. The assumed number of married female new retirees electing the 100% Joint & Survivor option changed from 15% to 30%. The corresponding number of married new retirees electing the Life annuity option was adjusted accordingly.

Changes in Plan Provisions. Augmentation for current privatized members was reduced to 2.0% for the period July 1, 2020 through December 31, 2023 and 0.0% after. Augmentation was eliminated for privatizations occurring after June 30, 2020.

2019 changes:

Changes in Actuarial Assumptions. The mortality projection scale was changed from MP-2017 to MP-2018.

Changes in Plan Provisions. The employer supplemental contribution was changed prospectively, decreasing from \$31.0 million to \$21.0 million per year. The State's special funding contribution was changed prospectively, requiring \$16.0 million due per year through 2031.

2018 changes:

Change of Assumptions. The mortality projection scale was changed from MP-2015 to MP-2017. The assumed benefit increase was changed from 1.00 percent per year through 2044 and 2.50 percent per year thereafter to 1.25 percent per year.

2017 changes:

Change of Assumptions. The Combined Service Annuity (CSA) loads were changed from 0.8 percent for active members and 60 percent for vested and non-vested deferred members. The revised CSA loads are now 0.0 percent for active member liability, 15.0 percent for vested deferred member liability and 3.0 percent for non-vested deferred member liability. 2) The assumed post-retirement benefit increase rate was changed from 1.0 percent per year for all years to 1.0 percent per year through 2044 and 2.5 percent per year thereafter.

NOTES TO THE REQUIRED SUPPLEMENTAL INFORMATION
December 31, 2021

Note 1 CHANGE IN ACTUARIAL ASSUMPTIONS AND PLAN PROVISIONS (Continued)

A. Public Employees Retirement Association – General Employees Retirement Fund (Continued)

2016 changes:

Changes in Actuarial Assumptions: 1) the assumed post-retirement benefit increase rate was changed from 1.0% per year through 2035 and 2.5% per year thereafter to 1.0% per year for all future years. 2) The assumed investment return was changed from 7.9% to 7.5%. The single discount rate was changed from 7.9% to 7.5%. 3) Other assumptions were changed pursuant to the experience study dated June 30, 2015. The assumed future salary increases, payroll growth, and inflation were decreased by 0.25% to 3.25% for payroll growth and 2.50% for inflation.

2015 changes:

Changes in Plan Provisions: On January 1, 2015, the Minneapolis Employees Retirement Fund was merged into the General Employees Fund, which increased the total pension liability by \$1.1 billion and increased the fiduciary plan net position by \$892 million. Upon consolidation, state and employer contributions were revised.

Changes in Actuarial Assumptions: The assumed post-retirement benefit increase rate was changed from 1.0% per year through 2030 and 2.5% per year thereafter to 1.0% per year through 2035 and 2.5% per year thereafter.

B. Public Employees Retirement Association – Public Employees Police and Fire Fund

2021 changes:

Changes in Actuarial Assumptions. The investment return and single discount rates were changed from 7.50 percent to 6.50 percent, for financial reporting purposes. The inflation assumption was changed from 2.50 percent to 2.25 percent. The payroll growth assumption was changed from 3.25 percent to 3.00 percent. The base mortality table for healthy annuitants and employees was changed from the RP-2014 table to the Pub-2010 Public Safety Mortality table. The mortality improvement scale was changed from MP-2019 to MN-2020.

The base mortality table for disabled annuitants was changed from the RP-2014 healthy annuitant mortality table (with future mortality improvement according to Scale MP-2019) to the Pub-2010 Public Safety disabled annuitant mortality table (with future mortality improvement according to Scale MP-2020). Assumed rates of salary increase were modified as recommended in the July 14, 2020 experience study. The overall impact is a decrease in gross salary increase rates. Assumed rates of retirement were changed as recommended in the July 14, 2020 experience study. The changes result in slightly more unreduced retirements and fewer assumed early retirements. Assumed rates of withdrawal were changed from select and ultimate rates to service-based rates. The changes result in more assumed terminations. Assumed rates of disability were increased for ages 25-44 and decreased for ages over 49. Overall, proposed rates result in more projected disabilities. Assumed percent married for active female members was changed from 60 percent to 70 percent. Minor changes to form of payment assumptions were applied.

Changes in Plan Provisions. There have been no changes since the previous valuation.

2020 changes:

Changes in Actuarial Assumptions. 1) The mortality projection scale was changed from MP-2018 to MP-2019.

Changes in Plan Provisions. 1) There have been no changes since the prior valuation.

2019 changes:

Change of Assumptions. 1) The mortality projection scale was changed from MP-2017 to MP-2018.

NOTES TO THE REQUIRED SUPPLEMENTAL INFORMATION
December 31, 2021

Note 1 CHANGE IN ACTUARIAL ASSUMPTIONS AND PLAN PROVISIONS (Continued)

B. Public Employees Retirement Association – Public Employees Police and Fire Fund (Continued)

2018 changes:

Change of Assumptions. 1) The mortality projection scale was changed from MP-2016 to MP-2017.

2017 changes:

Change of Assumptions. 1) Assumed salary increases were changed as recommended in the June 30, 2016 experience study. The net effect is proposed rates that average 0.34 percent lower than the previous rates. 2) Assumed rates of retirement were changed, resulting in fewer retirements. 3) The Combined Service Annuity (CSA) load was 30 percent for vested and non-vested deferred members. The CSA has been changed to 33 percent for vested members and 2 percent for non-vested members. 4) The base mortality table for healthy annuitants was changed from the RP-2000 fully generational table to the RP-2014 fully generational table (with a base year of 2006), with male rates adjusted by a factor of 0.96. The mortality improvement scale was changed from Scale AA to Scale MP-2016. The base mortality table for disabled annuitants was changed from the RP-2000 disabled mortality table to the mortality tables assumed for healthy retirees. 5) Assumed termination rates were decreased to 3.0 percent for the first three years of service. Rates beyond the select period of three years were adjusted, resulting in more expected terminations overall. 6) Assumed percentage of married female members was decreased from 65 percent to 60 percent.

2017 changes: (Continued)

7) Assumed age difference was changed from separate assumptions for male members (wives assumed to be three years younger) and female members (husbands assumed to be four years older) to the assumption that males are two years older than females. 8) The assumed percentage of female members electing Joint and Survivor annuities was increased. 9) The assumed post-retirement benefit increase rate was changed from 1.00 percent for all years to 1.00 percent per year through 2064 and 2.50 percent thereafter.

2016 changes:

Changes in Actuarial Assumptions: 1) the assumed post-retirement benefit increase rate was changed from 1.0% per year through 2037 and 2.5% thereafter to 1.0% per year for all future years. 2) The assumed investment return was changed from 7.9% to 7.5%. The single discount rate changed from 7.9% to 5.6%. 3) The assumed future salary increases, payroll growth, and inflation were decreased by 0.25% to 3.25% for payroll growth and 2.50% for inflation.

2015 changes:

Changes in Plan Provisions: The post-retirement benefit increase to be paid after attainment of the 90% funding threshold was changed, from inflation up to 2.5%, to a fixed rate of 2.5%.

Changes in Actuarial Assumptions: The assumed post-retirement benefit increase rate was changed from 1.0% per year through 2030 and 2.5% per year thereafter to 1.0% per year through 2037 and 2.5% per year thereafter.

MINNESOTA LEGAL COMPLIANCE

Independent Auditor's Report

Honorable Mayor and
Members of the City Council
Annandale, Minnesota

We have audited, in accordance with auditing standards generally accepted in the United States of America, the financial statements of the governmental activities, business-type activities, each major fund and the aggregate fund information of the City of Annandale (the City) as of and for the year ended December 31, 2021, and the related notes to the financial statements, and have issued our report thereon dated May 20, 2022.

The *Minnesota Legal Compliance Audit Guide for Cities*, promulgated by the State Auditor pursuant to Minn. Stat. § 6.65, contains seven categories of compliance to be tested: contracting and bidding, deposits and investments, conflicts of interest, public indebtedness, claims and disbursements, miscellaneous provisions, and tax increment financing. Our audit considered all of the listed categories.

In connection with our audit, nothing came to our attention that caused us to believe that the City failed to comply with the provisions of the *Minnesota Legal Compliance Audit Guide for Cities*. However, our audit was not directed primarily toward obtaining knowledge of such noncompliance. Accordingly, had we performed additional procedures, other matters may have come to our attention regarding the City's noncompliance with the above referenced provisions.

This report is intended solely for the information and use of those charged with governance and management of the City and the State Auditor and is not intended to be and should not be used by anyone other than these specified parties.

**REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER
MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH
GOVERNMENT AUDITING STANDARDS**

Honorable Mayor and
Members of the City Council
City of Annandale
Annandale, Minnesota

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of the City of Annandale, Minnesota (the City), as of and for the year ended December 31, 2021, and the related notes to the financial statements, which collectively comprise the City's basic financial statements, and have issued our report thereon dated May 20, 2022.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the City's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we do not express an opinion on the effectiveness of the City's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the City's financial statements will not be prevented or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified. We did identify certain deficiencies in internal control, described in the accompanying schedule of findings and responses, which we consider to be significant deficiencies as items 2021-001 and 2021-002.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed two instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*, as noted in the schedule of findings and responses.

City's Response to Findings

The City's response to the findings identified in our audit is described in the accompanying schedule of findings and responses. The City's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the result of that testing, and not to provide an opinion on the effectiveness of the City's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

CITY OF ANNANDALE, MINNESOTA

SCHEDULE OF FINDINGS AND RESPONSES ON
LEGAL COMPLIANCE AND INTERNAL CONTROL
December 31, 2021

CURRENT YEAR FINANCIAL STATEMENT FINDINGS

Significant Deficiencies:

2021-001. Auditor Prepared Financial Statements and Related Footnotes

<i>Condition:</i>	The City does not have an internal control system designed to provide for the preparation of the financial statements and the related notes being audited. However, based on the degree of complexity and level of detail needed to prepare the financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP), the City has requested the auditors to prepare them.
<i>Criteria</i>	The preparation of the financial statements and the related notes are the responsibility of management.
<i>Cause:</i>	There are a limited number of office employees and resources available to allow for the adequate preparation of the financial statements and the related notes by the City.
<i>Effect:</i>	This could result in a material misstatement to the financial statements and related notes that would not be prevented or detected and corrected as a result of the City's current internal control.
<i>Recommendation:</i>	The City should continue to request the assistance to draft the financial statements and related notes and thoroughly review these financial statements after they have been prepared so the City can take responsibility for them.

Corrective Action Plan (CAP)

- A. *Explanation of Disagreement with Audit Finding:* There is no disagreement with the audit finding.
- B. *Actions Planned in response to Finding:* The City does not plan to take any action but is aware of the condition. Based on the cost of correcting this deficiency, the City has decided to accept the risk associated with this deficiency.
- C. *Official Responsible for Ensuring CAP:* The City Administrator will review the financial statements and related footnotes and approve them.
- D. *Planned Completion Date for CAP:* The corrective action plan for this finding will be completed by December 31, 2022.
- E. *Plan to Monitor Completion of CAP:* The City Council will monitor this corrective action plan to review the recommendations and take appropriate action.

2021-002. Segregation of Duties

<i>Condition:</i>	There is an absence of appropriate segregation of duties consistent with appropriate control objectives due to a limited number of employees.
<i>Criteria</i>	The basic premise is that no one person should have access to both physical assets and the related accounting records or to all phases of a transaction. The lack of such controls could result in the occurrence of a material error or fraud in relation to the financial statements not being detected by management.
<i>Cause:</i>	The City has assigned duties to staff based on a cost-benefit relationship to the City and the practicality of the level of staffing the City maintains.
<i>Effect:</i>	The lack of adequate segregation of duties could adversely affect the City's ability to initiate, record, process, and report financial data consistent with the assertions of management in the financial statements.
<i>Recommendation:</i>	The City should continue to monitor and evaluate the job responsibilities assigned to staff to determine whether there is an unacceptable risk.

2021-002. Segregation of Duties – (Continued)

Corrective Action Plan (CAP)

- A. *Explanation of Disagreement with Audit Finding:* There is no disagreement with the audit finding.
- B. *Actions Planned in response to Finding:* The City is aware of the limited segregation of duties and will continue to review internal controls and make changes when they can be made.
- C. *Official Responsible for Ensuring CAP:* The City Administrator will monitor the effectiveness of the above actions and make changes as considered appropriate.
- D. *Planned Completion Date for CAP:* The corrective action plan for this finding will be completed by December 31, 2022.
- E. *Plan to Monitor Completion of CAP:* The City Council will monitor this corrective action plan to review the recommendations and take appropriate action.

STATUS OF PRIOR FINANCIAL STATEMENT FINDINGS

The prior audit contained three findings:

2020-001. Payroll Processing

- Condition:* During our audit, we proposed material audit adjustments to adjust payroll and payroll liability accounts to the proper year-end balances.
- Current status:* This condition was corrected during the current year audit of the financial statements.

2020-002. Preparation of financial statements and related footnotes

- Condition:* The City does not have an internal control system designed to provide for the preparation of the financial statements being audited.
- Current status:* This condition is noted during the current year audit of the financial statements.

2020-003. Segregation of Duties

- Condition:* There is an absence of appropriate segregation of duties consistent with appropriate control objectives due to a limited number of employees.
- Current status:* This condition is noted during the current year audit of the financial statements.
